Dalits' Struggle for Social Justice in Andhra Pradesh (1956-2008) Akepogu Jammanna, Pasala Sudhakar, 2016-12-14 The complete alienation of Dalits from resources like land water and agricultural implements has led to the collective demand for an equal share in productivity This book discusses the range of socio economic and cultural problems faced by the Dalit community The movement advancing the rights of Dalits took place both before and after independence however they varied in intensity and concerned land ownership and fair wages self respect social dignity and the demand for equal rights This movement appeared to have significantly changed the very mindset and attitude of upper caste people to restrain themselves and not to resort to any discrimination or humiliation of Dalits However this seems to have been only a temporary phenomenon and the practice of suppression and humiliation continues today This book explores the circumstances of Dalits in the Indian state of Andhra Pradesh and the current efforts attempting to achieve more social equality for the caste here

**Dalit Identity in Indian Print Media** Ali Saha, 2026-01-30 Dalit Identity in Indian Print Media Caste Power and Representation takes readers inside the world of Indian news media to reveal how caste operates today not through open exclusion but through subtle and powerful storytelling This book introduces the idea of New Casteist media showing how modern journalism often gives Dalits visibility only in moments of violence or conflict while quietly reinforcing the hierarchies it reports on Drawing on a unique blend of media research and social theory it examines hundreds of news stories from The Times of India and Amar Ujala during a period of political transformation The findings provide a nuanced overview of the ways in which hegemonic relations are shaped and structured in Indian news media often presenting a paradoxically inclusive front while continuing to reinforce bias in more subtle but powerful ways This book is not just about the media It s about democracy identity and how stories shape the way we see power and injustice Perfect for readers interested in media politics and social change it offers a fresh and eye opening look at how deeply entwined journalism is with the fight for equality in 21st century India This book benefits scholars interested in media studies social inequality and identity formation offering valuable insights into how media influences the evolving dynamics of caste in modern India Academics studying caste media or social hierarchies will find this book particularly relevant The book also offers a critical lens for understanding how media influences public discourse on caste and marginalization making it essential reading for scholars in sociology media studies and cultural studies

*Downtrodden* James Massey,1997 Recent years have seen dawning awareness of the long hidden suffering of India s millions of Dalit people marginalized and oppressed as untouchables falling outside the traditional Hindu caste system Their treatment which cuts across communal and religious lines has become an important concern of the churches in their commitment internationally to combat all forms of racism The author of this book a Dalit from North India uncovers the religious roots of this system of oppression and surveys its historical development over 3500 years as well as the beginnings of the Dalits struggle to free themselves from it He also analyses the role played by missionaries churches and Christian theology in the past and suggests what must change if Christians are to have a part in articulating and bringing about a vision of solidarity and genuine liberation

**Dalit Theology and Dalit Liberation** Peniel Rajkumar,2016-05-13 In fulfilling the long awaited need for a constructive and critical rethinking of Dalit theology this book offers and explores the synoptic healing stories as a relevant biblical paradigm for Dalit theology in order to help redress the lacuna between Dalit theology and the social practice of the Indian Church Peniel Rajkumar s starting point is that the growing influence of Dalit theology in academic circles is incompatible with the praxis of the Indian Church which continues to be passive in its attitude towards the oppression of the Dalits both within and outside the Church The theological reasons for this lacuna between Dalit theology and the Church s praxis Rajkumar suggests lie in the content of Dalit theology especially the biblical paradigms explored which do not offer adequate scope for engagement in praxis
