Danger Quest Pulp Adventures In The 24:

Ponyville Confidential Sherilyn Connelly,2017-03-28 Beloved by young girls around the world Hasbro s My Little Pony franchise has been mired in controversy since its debut in the early 1980s Critics dismissed the cartoons as toy advertisements and derided their embrace of femininity The 2010 debut of the openly feminist My Little Pony Friendship Is Magic renewed the backlash as its broad appeal challenged entrenched notions about gendered entertainment This first comprehensive study of My Little Pony explores the history and cultural significance of the franchise through Season 5 of Friendship Is Magic and the first three Equestria Girls films The brand has continued to be on the receiving end of a sexist double standard regarding commercialism in children s entertainment while masculine cartoons such as the Transformers have been spared similar criticism

Encyclopedia of Adventure Fiction Don D'Amassa,2009 Covers some of the very best of adventure fiction from literary classics such as Charles Dickens A Tale of Two Cities and Joseph Conrad s The Secret Agent to tales that have enthralled younger readers for many years such as Treasure Island and The Wizard of Oz

Perilous Escapades Gary Hoppenstand,2018-04-12 Adventure fiction is one of the easiest narrative forms to recognize but one of the hardest to define because of its overlap with many other genres This collection of essays attempts to characterize adventure fiction through the exploration of key elements such as larger than life characters and imperialistic ideas in the genre s 19th and 20th century British and American works like The Scarlet Pimpernel by Orczy and Captain Blood by Sabatini The author explores the cultural and literary impact of such works presenting forgotten classics in a new light
