Cheap Ticket To Heaven:

Cheap Ticket to Heaven Charlie Smith,1996 A pair of robbers lovers and killers Jack and Clare cut a bloody swath through the South and Midwest in their quest for some higher truths about life By the author of Canaan and Chimney Rock

Say It Hot, Volume II: Eric Miles Williamson,2014-10-15 Say It Hot Volume II Industrial Strength is a collection of essays on American poets fiction writers nonfiction writers and issues of interest to artists and academics A companion volume to Say It Hot these essays are brutally honest and acutely intelligent From the book Literary authors these days no longer make livings off their work Their books are not to be found in bookstores and the books are rarely printed by major New York publishing houses No one reads their works except for other literary authors and the professors who are evaluating their tenure and promotion folders at the colleges and universities at which they are employed and it s a minor miracle if a literary book from a small press sells a thousand copies Fiction writers from wealth write about writing or they write about the ridiculous sufferings of the rich Fiction writers from the lower classes write about the primordial filth from which they ve physically escaped but from which they ll never mentally be able to leave behind Like war veterans people who ve fought it out in the miasma of poverty and blue collar hell can never get the stink out of their skins try as they may Just like people who haven t been to war can spot vets who have middle class people and the rich can spot people who ve grown up poor no matter what their position in life or the quality of their designer suits Those suits just don t fit right and the neckties make them fidget and sweat What the well heeled authors and the working class writers have in common is that they ve been trained not to pronounce moral judgment **The Australian Christian Commonwealth** ,1902 Christians,

Politics and Violent Revolution J. G. Davies,2017-04-20 This book is an impressive attempt by a distinguished British theologian to grapple with problems put to him by friends from the Third World and particularly the question If there seems no way to alter a situation except by joining in violent revolution is it possible to be involved and still remain a Christian In his discussion Professor Davies first considers how far obedience is a constant imperative and in what circumstances disobedience may be the right choice As resistance to the state is necessarily to act illegally he then reviews the subject of law and order To this point the considerations are largely theological However the climax of the book comes in a discussion of revolution in human terms together with the criticisms often raised against it There is also a survey of the means of revolution non violent and violent and the basis of Christian moral choice in such a situation **The Christian Life** ,1883
