## **Experience Local SEO Business In 2026 Without Experience Local SEO:**

*Get Found* Matt Diamante, 2026-01-06 Direct evidence driven and refreshingly honest *Get Found* is the blueprint for conquering Google without wasting a dollar on ads In today's noisy digital world most entrepreneurs spend their energy chasing customers through ads cold outreach and constant hustling But the businesses that thrive long term are the ones customers find on their own *Get Found* is a straightforward no fluff guide that empowers entrepreneurs to flip the script instead of chasing start attracting Learn how to use search engine optimization SEO not just as a technical tool but as a trust building strategy that makes you the obvious choice in your market The result A business that works for you 24/7 even when you close your laptop This isn't another jargon heavy SEO manual It's a practical plain English roadmap written by someone who built a seven figure business from scratch by mastering these exact strategies **Just Get Customers: The Only**

**Marketing Book You'll Ever Need.** Lukas Otompasis, 2026-02-02 You do not need another marketing course You need a system that works Most marketing advice is written for marketers It assumes you have time to master algorithms budgets to test endlessly and patience for theory that never quite applies to your situation This book is different *Just Get Customers* was written for business owners freelancers and consultants who need clients not credentials People who want to know what actually works why it works and how to do it without wasting months on tactics that sound clever but produce nothing Here is the truth most marketing books will not tell you five decisions drive the majority of your results Get those five right and customers come to you Get them wrong and no amount of posting advertising or building your brand will save you The 5 Decision Marketing System Your Message How to say the right thing to the right person at the right time Why most marketing fails before it starts and how to enter the conversation already happening in your customer's head Your Offer Why what you sell matters less than how you sell it How to package your product or service so the decision becomes obvious Your Channel Where to show up so the right people actually see you How to stop wasting time on platforms where your customers do not exist Your Funnel The journey from stranger to paying customer How to guide people through each stage without losing them along the way Your Follow Up The system that turns maybe later into yes Why most sales are lost to silence and how to stay present without being annoying Inside this book you will discover The two plumbers parable why one struggles for every job while the other has clients waiting in line Why know your customer is useless advice and the three qualifiers that actually matter The psychology of awareness how to match your message to where your prospect actually is How to build offers so compelling that price becomes secondary The Dream 100 strategy for borrowing other people's audiences A simple funnel framework that works for any business The follow up system that closes deals your competitors abandon Copy templates you can use today emails landing pages social posts The content strategy that builds assets instead of creating a treadmill How to run paid ads without gambling the scientific approach to advertising The three numbers that run your business and the only dashboard you need Why marketing is a system not an event and how to build it into daily operations

This book is for you if You are good at what you do but struggle to get enough customers You have tried marketing tactics that worked for someone else but flopped for you You are tired of vague advice like provide value and be authentic You want a clear system you can implement this week not theory you will never use You believe there must be a simpler way and you are right This book is not for you if You want shortcuts without effort You are looking for the latest growth hack that will stop working next month You expect results without consistency Marketing is not magic It is a system This book gives you the system Stop overcomplicating it Start getting customers What readers are saying Finally a marketing book that respects my time No fluff No filler Just what works and how to do it I have read dozens of marketing books This is the first one I actually finished and implemented the same week The 5 Decision framework changed how I think about my entire business not just marketing

Local Seo Tom Crandall,2016-11-17 Ever wonder how businesses rank locally when performing a Google Search I did so I set off on a mission to uncover a consistent method to help boost a business s local ranking In my very first publication Local SEO A Roadmap To Successful Local Ranking I am going to walk you through some of the best Local SEO techniques to get a business not only discovered locally but ranked Whenever you perform a Google Search Google s algorithm takes over and provides result listings that best match the criteria according to Google s page and domain ranking factors For those that don t quite understand ranking factors let me explain Each page and domain has a ranking value These are typically called Page and Domain Authority The higher the authority the higher the page will rank Google and other search engines determine a pages rank or authority based on various search metrics including content keywords number of backlinks age of the website title header tags images and so on For any given localized search the results are usually broken out by Paid Advertising Shown at the top and bottom of the listings Local Business listings Business listings from Google Maps Organic Search Results Everything else In this book Local SEO A Roadmap To Successful Local Ranking I am focusing on the Local Business Listings and how anyone using my methods can boost their local presence on the web A little bit about me My first experience with computers was on Christmas day when I opened up a game called Pong It was one of the first TV computer games and at the time it was cutting edge Fast forward a bit and my dad bought an Atari 800 computer that I somehow

convinced him was better than the Apple alternative Needless to say I used the Atari more than he did Fast forward a bit more and I was in college studying computer science When I graduated my first real job was programming expert systems That job only lasted a short while and then I became a System Analyst working on all sorts of Government Projects In 2008 I moved to a place called Austin and really got my feet wet designing websites for clients During that time I also became interested in all things SEO but never really got to flex my muscles It wasn't until 2016 that I found myself unemployed and wondering what I should do in life After countless resumes failed to get traction in the job market for positions I was interested in a realization hit me that maybe I don't need a company to work for but rather work for myself My wife Kathleen and our pug Olaf were very supportive of the idea So I started a company called <http://HangTenSEO.com> with the goal to help clients outrank their competition Along the way I also started writing articles on SEO best practices which were in many ways teaching moments for me In writing the articles I really had to understand the subjects I was writing about and how to use the techniques to get the best results
