✓ READING COMPREHENSION CHECKPOINT STUDY

R✓1 Build Good Reading Skills: Skim and Scan

The reading skills of skimming and scanning are very important when you need to read quickly for information.

Skimming means reading quickly for general meaning. You skim reading material to find out about the topic, the main ideas, and the general organization of a passage.

Scanning means knowing what information you need to find before you read. Then your eyes move quickly to find that particular information. You scan when you are looking for a fact or a detail or a particular vocabulary word.

The reading skills of skimming and scanning will be very useful to you in the Reading Comprehension Section of the TOEFL. Because the TOEFL is a timed reading situation, reading quickly for meaning is extremely important in order to finish the test and to answer questions correctly.

◀ BEFORE THE TOEFL

- Skim and scan as you practice reading the short passages in this book and in your outside reading.

As you practice skimming and scanning with reading materials, you will develop an active reading strategy.

Think about the following reading passages and questions. Answer each question before you read the explanation.
