

EQUAL SUFFRAGE AND THE NEGRO VOTE

The opponents of equal suffrage claim that the negro woman's vote will constitute a menace to white supremacy. This contention is altogether unfounded for the following reasons:

1. **BECAUSE** under the proposed amendment to the Constitution the same restrictions, which now apply to men must also apply to women and as these qualifications restrict the negro man's vote, it stands to reason that they will also restrict the negro woman's vote.
2. **BECAUSE** there are 191,000 more white women of voting age in Virginia than there are negro women of voting age, and white women outnumber negro men and women put together by 31,407. So the enfranchisement of Virginia women would increase white supremacy.
3. **BECAUSE** white supremacy would be further increased by the literacy test. The Constitution says, in reference to qualification of the voter that "unless physically unable, he make application in his own handwriting," and that he "prepare and deposit his ballot without aid." Illiteracy among negroes is 22 per cent. and among white people is only 8 per cent.
4. **BECAUSE** the Constitution says that the would-be voter shall pay a poll tax of one dollar and fifty cents "for three years next preceding that in which he offers to register." This qualification further increases the white supremacy, as there are comparatively few negroes who meet their money obligations three years in advance.
5. **BECAUSE** the Constitution further says that "the General Assembly may prescribe a property qualification of not exceeding two hundred and fifty dollars for voters in any county, city or town," etc. (See Article II, Sec. 30, Elective Franchise and Qualification for Office.) This is a provision to be used if needed, but it has never been needed anywhere in Virginia, for there is no county or city or town where negro men qualify in larger numbers than white men. They are shut out by the present restrictions. We are secure from negro domination now—then, even more.

**VOTE "YES" ON THE EQUAL SUFFRAGE AMENDMENT
LET THE PEOPLE DECIDE THE ISSUE.**

**EQUAL SUFFRAGE LEAGUE OF VIRGINIA,
Commercial Building, Richmond, Virginia.**

Development Of Sentiment On Negro Suffrage To 186

John R. McKivigan

Development Of Sentiment On Negro Suffrage To 186:

The development of sentiment on Negro suffrage to 1806 Emil Olbrich,1912 The Development of Sentiment on Negro Suffrage to 1860 Emil Olbrich,1912 *Abolitionism and American Politics and Government* John R. McKivigan,1999 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company **Disenfranchising Democracy** David A. Bateman,2018-10-25 The first wave of democratization in the United States the removal of property and taxpaying qualifications for the right to vote was accompanied by the disenfranchisement of African American men with the political actors most supportive of the former also the most insistent upon the latter The United States is not unique in this respect other canonical cases of democratization also saw simultaneous expansions and restrictions of political rights yet this pattern has never been fully detailed or explained Through case studies of the USA the UK and France **Disenfranchising Democracy** offers the first cross national account of the relationship between democratization and disenfranchisement It develops a political institutional perspective to explain their co occurrence focusing on the politics of coalition building and the visions of political community coalitions advance in support of their goals Bateman sheds new light on democratization connecting it to the construction of citizenship and cultural identities **History of the United States from the Compromise of 1859**

James Ford Rhodes,1910 *History of the United States from the Compromise of 1850: 1872-1877* James Ford Rhodes,1906

History of the United States from the Compromise of 1850 to the Final Restoration of Home Rule at the South in 1877: 1872-1877 James Ford Rhodes,1906 Free Soil, Free Labor, Free Men Eric Foner,1995-04-20 Since its publication twenty five years ago *Free Soil Free Labor Free Men* has been recognized as a classic an indispensable contribution to our understanding of the causes of the American Civil War A key work in establishing political ideology as a major concern of modern American historians it remains the only full scale evaluation of the ideas of the early Republican party Now with a new introduction Eric Foner puts his argument into the context of contemporary scholarship reassessing the concept of free labor in the light of the last twenty five years of writing on such issues as work gender economic change and political thought A significant reevaluation of the causes of the Civil War Foner s study looks beyond the North s opposition to slavery and its emphasis upon preserving the Union to determine the broader grounds of its willingness to undertake a war against the South in 1861 Its search is for those social concepts the North accepted as vital to its way of life finding these concepts most clearly expressed in the ideology of the growing Republican party in the decade before the war s start Through a careful analysis of the attitudes of leading factions in the party s formation northern Whigs former Democrats and political abolitionists Foner is able to show what each contributed to Republican ideology He also shows how northern ideas of human rights in particular a man s right to work where and how he wanted and to accumulate property in his own name and the goals of American society were implicit in that ideology This was the ideology that permeated the North in the period directly before the Civil War led to the election of Abraham Lincoln and led almost immediately to the Civil War itself At the heart of

the controversy over the extension of slavery he argues is the issue of whether the northern or southern form of society would take root in the West whose development would determine the nation's destiny In his new introductory essay Foner presents a greatly altered view of the subject Only entrepreneurs and farmers were actually free men in the sense used in the ideology of the period Actually by the time the Civil War was initiated half the workers in the North were wage earners not independent workers And this did not account for women and blacks who had little freedom in choosing what work they did He goes on to show that even after the Civil War these guarantees for free soil free labor free men did not really apply for most Americans and especially not for blacks Demonstrating the profoundly successful fusion of value and interest within Republican ideology prior to the Civil War *Free Soil Free Labor Free Men* remains a classic of modern American historical writing Eloquent and influential it shows how this ideology provided the moral consensus which allowed the North for the first time in history to mobilize an entire society in modern warfare

History of the United States from the Compromise of 1850 to the Final Restoration of Home Rule at the South in 1877 James Ford Rhodes, 1906

History of the United States from the Compromise of 1850 James Ford Rhodes, 1906

Law Books, 1876-1981 R.R. Bowker Company, 1981

The Development of Sentiment on Negro Suffrage to 1860 Emil Olbrich, Carl Russell Fish, 1971

They who Would be Free Jane H. Pease, William H. Pease, 1974

They Who Would Be Free is an insightful analysis of the Northern blacks' struggle for a meaningful freedom in the antebellum years By working within the general anti-slavery movement and various cultural, political, and civil rights institutions they sought to end slavery and achieve full equality with free men In their detailed account the authors write of the movement's violence and restraint of its concerted effort and internal strife of the blacks' determination to enter the mainstream of American life and their conclusion that black nationalism and separatism were the only feasible strategies Ultimately the blacks' efforts were largely futile for their goals proved illusory Although the Civil War did end slavery white Americans were not prepared to accept blacks as free men and as equals
