

CAMBRIDGE STUDIES IN RUSSIAN LITERATURE

Michael Wachtel

The Development of Russian Verse Meter and its Meanings

Development Of Russian Verse

Carnegie Library of Pittsburgh

Development Of Russian Verse:

The Development of Russian Verse Michael Wachtel, 1998 The Development of Russian Verse explores the Russian verse tradition from Pushkin to Brodsky showing how certain formal features are associated with certain genres and at times specific themes Michael Wachtel's basic thesis is that form is never neutral poets can react positively in terms of stylization and development or negatively in terms of parody or revision to the work of their predecessors but they cannot ignore it Keeping technical terms to a minimum and providing English translations of quotations Wachtel offers close readings of individual poems of more than fifty poets He aims to help English speaking readers reconstruct the strong sense of continuity that Russian poets have always felt transcending any individual age or ideology Ultimately his 1999 book is an inquiry into the nature of literary tradition itself and how it coalesces in a country that has always taken so much of its identity from its written legacy

[The Cambridge Introduction to Russian Poetry](#) Michael Wachtel, 2004-08-12 This introduction presents the major themes forms and styles of Russian poetry Using examples from Russia's greatest poets Michael Wachtel draws on three centuries of verse from the beginnings of secular literature in the eighteenth century to the present day The first half of the book is devoted to concepts such as versification poetic language and tradition the second half is organised along genre lines and examines the ode the elegy love poetry nature poetry and patriotic verse This book will be an invaluable tool for students and teachers alike

A Commentary to Pushkin's Lyric Poetry, 1826-1836 Michael Wachtel, 2012-01-25 Alexander Pushkin's lyric poetry much of it known to Russians by heart is the cornerstone of the Russian literary tradition yet until now there has been no detailed commentary of it in any language Michael Wachtel's book designed for those who can read Russian comfortably but not natively provides the historical biographical and cultural context needed to appreciate the work of Russia's greatest poet Each entry begins with a concise summary highlighting the key information about the poem's origin subtexts and poetic form meter stanzaic structure and rhyme scheme In line by line fashion Wachtel then elucidates aspects most likely to challenge non native readers archaic language colloquialisms and unusual diction or syntax Where relevant he addresses political religious and folkloric issues Pushkin's verse has attracted generations of brilliant interpreters The purpose of this commentary is not to offer a new interpretation but to give sufficient linguistic and cultural contextualization to make informed interpretation possible

The Evolution of Verse Structure in Old and Middle English Poetry Geoffrey Russom, 2017-04-07 This book traces the evolution of traditional English verse structures from their Old and Middle origins to the Modern English period

Russian romanticism Lauren G. Leighton, 2011-10-10 No detailed description available for Russian romanticism

[Bibliographie Linguistique de L'annee 1999](#) Mark Janse, Hella Olbertz, Sijmen Tol, 2003-11-30 Bibliographie Linguistique Linguistic Bibliography is the annual bibliography of linguistics published by the Permanent International Committee of Linguists under the auspices of the International Council of Philosophy and Humanistic Studies of UNESCO With a tradition of more than fifty years the first two volumes covering the years 1939 1947

were published in 1949 1950 *Bibliographie Linguistique* is by far the most comprehensive bibliography in the field It covers all branches of linguistics and related disciplines both theoretical and descriptive from all geographical areas including less known and extinct languages with particular attention to the many endangered languages of the world Up to date information is guaranteed by the collaboration of some fifty contributing specialists from all over the world With over 23 000 titles arranged according to a detailed state of the art classification *Bibliographie Linguistique* remains the standard reference book for every student of language and linguistics An important innovation in this fifty second edition is the revised and much expanded classification of the languages of South America
