Andrew W. Dobelstein, Ann B. Johnson

Developmental Theories Through The Life Cycle:

Developmental Theories Through the Life Cycle Sonia G. Austrian, 2008 In this bestselling textbook contributors describe theories of normal human development advanced by such pioneers as Sigmund Freud Anna Freud Jean Piaget Nancy Chodorow Daniel Levinson Erik Erikson and Margaret Mahler Beginning with infancy toddlerhood and preschool each chapter examines corresponding ideologies concerning maturation and development in middle childhood adolescence adulthood and old age while acknowledging that no one theory can encompass all aspects of human development In depth analyses of the psychology and sociology of development provide educators and practitioners with insights into the specific social contexts of human behavior and help identify variables and deviations This second edition features up to date empirical information including additional studies on diverse populations and a new chapter on attachment theory a growing area of interest for today's clinicians

Developmental Theories Through the Life Cycle Sonia G. Austrian, 2002 This book presents the major theorists and their impact on development theory through the life stages of infancy toddlerhood middle childhood adolescence adulthood and old age with particular attention focused on the consequences of excluding sexual and racial minorities in research and results

The Psychology of Executive Coaching Bruce Peltier, 2011-04-27 With the first edition of this text Peltier drew on his extensive experience in both the clinical and business worlds to create a comprehensive resource that brought psychological and coaching concepts together It quickly became a practical and invaluable guide for both mental health practitioners looking to expand their practice into coaching and business professionals interested in improving their own coaching skills In this updated edition topics reflect the latest developments in the field of executive coaching Peltier describes several important psychological theories and how to effectively translate them into coaching strategies essential business lessons in leadership marketing and the corporate viewpoint along with vocabulary for the therapist the challenges women face as managers and executives and effective coaching methods for working with them and lessons from successful athletic coaches that can be integrated into consulting skills This edition includes four new chapters one describing psychopathology likely to be encountered by coaches Another describes and evaluates emotional intelligence a third summarizes adult developmental theory for coaches and a fourth sorts out the popular and scientific literature on leadership and leader development

Nursing for Wellness in Older Adults Carol A. Miller, 2009 Now in its Fifth Edition this text provides a comprehensive and wellness oriented approach to the theory and practice of gerontologic nursing Organized around the author's unique functional consequences theory of gerontologic nursing the book explores normal age related changes and risk factors that often interfere with optimal health and functioning to effectively identify and teach health promotion interventions The author provides research based background information and a variety of practical assessment and intervention strategies for use in every clinical setting Highlights of this edition include expanded coverage of evidence based practice more first person stories new chapters and clinical tools

such as assessment tools recommended by the Hartford Institute of Geriatric Nursing

Health Promotion Strategies Through the Life Span Ruth Beckmann Murray, Judith Proctor Zentner, 2001 For Nursing Courses in Growth and Development Health Promotion or Basic Clinical Theory in the Fundamentals of Nursing Using a practical holistic approach to the health care of individuals and families this text offers specific guidelines for holistic health assessment with suggested nursing interventions and health promotion strategies at each developmental stage from birth to death Unique in its comprehensive consistent and integrated format it covers the physical cognitive emotional sociocultural and spiritual aspects of development for each life stage individually in equal depth and breadth

Bibliographic Guide to Education, 2002 lists publications cataloged by Teachers College Columbia University supplemented by The Research Libraries of The New York Public Library

Study Guide to Accompany Bee 'Lifespan Development' Peggy J. Skinner, Helen L. Bee, 1994

Invitation to the Life Span Kathleen Stassen Berger, 2013-03-01 Edition after edition Kathleen Stassen Berger's bestselling textbooks connect all kinds of students to current state of developmental psychology in an engaging accessible culturally inclusive way Berger's Invitation to the Life Span does this in just 15 concise chapters in a presentation that meets the challenges of exploring the breadth of the life span in a single term The new edition of Invitation to the Life Span incorporates a wide range of new research especially in fast moving areas such as brain development and psychopathology while taking advantage of innovative new tools for media centered teaching and learning But throughout as always the signature voice of Kathleen Berger ties it all together with relatable explanations of scientific content wide ranging cultural examples and skill building tools for sharper observation and critical thinking

Bibliographic Index, 2010

Comprehensive Psychiatric Nursing Judith Haber, 1992 This outstanding text and reference emphasizes the seamless continuity of psychiatric care as well as the variety of settings in which it is now provided As always your students get current and comprehensive information that's presented in a clear accessible visually stimulating format and is now more clinically relevant than ever For example the psychobiological bases of mental disorders and psychopharmacological interventions are now featured in a new chapter depicted in two exciting full color inserts and integrated throughout the book

The Handbook of School Psychology Cecil R. Reynolds, Terry B. Gutkin, 1999 As the standard reference in the field this edited handbook focuses on how a school psychologist can operate and create change within the educational system instead of focusing solely on the diagnosis and treatment of an individual Chapters have been updated and revised to provide a contemporary view of the field

Women's Health Ellis Quinn Youngkin, Marcia Szmania Davis, 1998 This edition contains everything you need to know when treating women in a primary care setting It's all here from adolescent health to pregnancy needs to issues affecting patients over the age of 65 and in an easily accessible format Back cover
