**Paul A. B. Clarke, Andrew Linzey**

## **Devil In Modern Philosophy:**

*The Devil in Modern Philosophy* Ernest Gellner, 2003      **Ernest Gellner** John A. Hall, 2014-06-10 Ernest Gellner 1925-95 was a multilingual polymath and a public intellectual who set the agenda in the study of nationalism and the sociology of Islam. Having grown up in Paris, Prague, and England, he was also one of the last great Jewish thinkers from Central Europe to experience directly the impact of the Holocaust. His intellectual trajectory differed from that of similar thinkers both in producing a highly integrated philosophy of modernity and in combining a respect for nationalism with an appreciation of the power of modern science. Gellner was a fierce opponent in private as well as in public of such contemporaries as Michael Oakeshott, Isaiah Berlin, Charles Taylor, Noam Chomsky, and Edward Said. As this definitive biography shows, he was passionate in the defense of reason against every form of relativism, a battle that his intellectual inheritors continue to this day.

**The Devil's Redemption : 2 Volumes** Michael J. McClymond, 2018-06-05 2018 Book Award Winner. The Gospel Coalition Academic Theology A Choice Outstanding Academic Title for 2019. Will all evil finally turn to good or does some evil remain stubbornly opposed to God and God's goodness? Will even the devil be redeemed? Addressing a theological issue of perennial interest, this comprehensive book in two volumes surveys the history of Christian universalism from the second to the twenty-first century and offers an interpretation of how and why universalist belief arose. The author explores what the church has taught about universal salvation and hell and critiques universalism from a biblical, philosophical, and theological standpoint. He shows that the effort to extend grace to everyone undermines the principle of grace for anyone.

**The Devil's Best Trick** Randall Sullivan, 2024-05-14 Part true crime story, part religious and literary history, an investigation into the nature of evil and the figure of the Devil by acclaimed journalist Randall Sullivan. Throughout history, humans have struggled to explain the evils of the world and the darkest parts of ourselves. *The Devil's Best Trick* is a unique and far-reaching investigation into evil and the myriad ways we attempt to understand it, particularly through the figure of the Devil. Sullivan's narrative moves through centuries of historical, religious, and cultural conceptions of evil and the Devil, from the Mesopotamian and Egyptian gods to the Book of Job to the New Testament to the witch hunts in Europe in the 15th through 17th centuries to the history of the devil worshipping Black Mass ceremony and its depictions in 19th-century French literature. He references major literary, religious, and historical figures, from the Persian sages Zoroaster and Mani to Plato, Thomas Aquinas, John Milton, Edgar Allan Poe, Aleister Crowley, and many more, among them Charles Baudelaire, from whose work Sullivan took the title of the book. But this is not just a cultural history; Sullivan intersperses original reporting and personal reflection. He travels to Catemaco, Mexico, to participate in the Hour of the Witches, an annual ceremony in which hundreds of people congregate in the jungle south of Vera Cruz to negotiate terms with El Diablo. He takes us through the most famous and best-documented exorcism in American history, which occurred in 1928 and lasted four months. He ponders the psychology of evil through his encounter with one brutal serial killer and reports on the Satanic Panic of the 1980s.

detailing the shocking story of a small town in Texas that one summer in 1988 unraveled into paranoia after a seventeen year old boy was found hanging from the branch of a horse apple tree and rumors about cult worship spread throughout the wider community Randall Sullivan whose reportage and narrative skill has been called extraordinary and enthralling by Rolling Stone takes on a bold task in this book that is both biography of the Devil and a look at how evil manifests in the world

Dictionary of Ethics, Theology and Society Paul A. B. Clarke, Andrew Linzey, 2013-11-05 This Dictionary provides a unique and groundbreaking survey of both the historical and contemporary interrelations between ethics theology and society In over 250 separately authored entries a selection of the world s leading scholars from many disciplines and many denominations present their own views on a wide range of topics Arranged alphabetically entries cover all aspects of philosophy theology ethics economics politics and government Each entry includes a concise definition of the term a description of the principal ideas behind it analysis of its history development and contemporary relevance a detailed bibliography giving the major sources in the field The entire field is prefaced by an editorial introduction outlining its scope and diversity Selected entries include Animal Rights Capital Punishment Communism Domestic Violence Ethics Evil Government Homophobia Humanism Liberation Theology Politics Pornography Racism Sexism Society Vivisection Women s Ordination

The Devil Albert Réville, 1871 **John Stearne's Confirmation and Discovery of Witchcraft** Scott Eaton, 2020-05-31 Between 1645-7 John Stearne led the most significant outbreak of witch hunting in England As accusations of witchcraft spread across East Anglia Stearne and Matthew Hopkins were enlisted by villagers to identify and eradicate witches After the trials finally subsided in 1648 Stearne wrote his only publication A confirmation and discovery of witchcraft but it had a limited readership Consequently Stearne and his work fell into obscurity until the 1800s and were greatly overshadowed by Hopkins and his text This book is the first study which analyses Stearne s publication and contextualises his ideas within early modern intellectual cultures of religion demonology gender science and print in order to better understand the witch finder s beliefs and motives The book argues that Stearne was a key player in the trials that he was not a mainstream puritan and that his witch finding availed from contemporary science It traces A confirmation s reception history from 1648 to modern day and argues that the lack of research focusing on Stearne has resulted in misrepresentations of the witch finder in the historiography of witchcraft This book redresses the imbalance and seeks to provide an alternative reading of the East Anglian witch hunt and of England s premier witch hunter John Stearne *The Americana*, 1923

**The Encyclopedia Americana**, 1927 **Philosophical Approaches to the Devil** Benjamin W. McCraw, Robert Arp, 2015-09-16 This collection brings together new papers addressing the philosophical challenges that the concept of a Devil presents bringing philosophical rigor to treatments of the Devil Contributors approach the idea of the Devil from a variety of philosophical traditions methodologies and styles providing a comprehensive philosophical overview that contemplates the existence nature and purpose of the Devil While some papers take a classical approach to the Devil drawing

on biblical exegesis other contributors approach the topic of the Devil from epistemological metaphysical phenomenological and ethical perspectives This volume will be relevant to researchers and scholars interested in philosophical conceptions of the Devil and related areas such as philosophers of religion theologians and scholars working in philosophical theology and demonology Jesus Christ Didon (père, Henri),1891 Philosophical Approaches to Demonology Benjamin W. McCraw,Robert Arp,2017-03-31 In contradistinction to the many monographs and edited volumes devoted to historical cultural or theological treatments of demonology this collection features newly written papers by philosophers and other scholars engaged specifically in philosophical argument debate and dialogue involving ideas and topics in demonology The contributors to the volume approach the subject from the perspective of the broadest areas of Western philosophy namely metaphysics epistemology logic and moral philosophy The collection also features a plurality of religious cultural and theological views on the nature of demons from both Eastern and Western thought in addition to views that may diverge from these traditional roots Philosophical Approaches to Demonology will be of interest to philosophers of religion theologians and scholars working in philosophical theology and demonology as well as historians cultural anthropologists and sociologists interested more broadly in the concept of demons **The Devil's Portrait** Anton Giulio Barrili,1885 The Publishers Weekly ,1903 **The Guild and Museum of St. George** John Ruskin,1907 **The Works of John Ruskin: The guild and museum of St. George** John Ruskin,1907 **The Hibbert Journal** ,1957 *Religious and Theological Abstracts* ,1958 *A History of Political Theories, Recent Times: Essays on Contemporary Developments in Political Theory* Charles Edward Merriam,Harry Elmer Barnes,1924 Contributed by the students of the late William Archibald Dunning **A Catalogue of the Most Important Books Available for Free Circulation Among Subscribers to 'The Times'** The Times, London. Book club,1905
