Devils Chimney A Novel:

The Devil's Chimney Anne Landsman, 1997 **The Devil's Chimney** Anne Landsman, 1997 In Oudtshoorn South Africa Connie Lambrecht lives in the shadow of the vast Cango Caves In the depths of one of the eerie passages they call the Devil s Chimney a young colored servant girl once vanished Connie is haunted by this mystery and by the story of an upper class Englishwoman Miss Beatrice whose quixotic attempt to raise ostriches at the turn of the century on a farm near this dusty provincial town led to terrible misfortune In recounting the tales of these two women Connie finally discovers the deepest secret of her own life and the truth about her ghost filled past *The Devil's Chimney* Enoch Howell Rees, 19?? **Animals and Desire in South African Fiction** Jason D. Price, 2017-07-15 This book considers the political potential of affective experiences of desire as reflected in contemporary South African literature Jason Price argues that definitions of desire deployed by capitalist and colonial culture maintain social inequality by managing relations to ensure a steady flow of capital and pleasure for the dominant classes whereas affective encounters with animals reveal the nonhuman nature of desire a biopower that in its unpredictability can frustrate regimes of management and control Price wonders how animals different desires might enable new modes of thought to positively transform and resist the status quo This book contends that South African literary works employ nonhuman desire and certain indigenous notions of desire to imagine a South Africa that can be markedly different from the past *The Honeymoon's Over* Andrea Chapin, Sally Wofford-Girand, 2007-02-15 In this provocative collection of true stories of love marriage and divorce prominent women including Terry McMillan Joyce Maynard and Annie Echols candidly discuss the good times the bad times and what makes or breaks a marriage *The Columbia Guide to South African Literature in English Since 1945* Gareth Cornwell, Dirk Klopper, Craig Mackenzie, 2010-04-13 From the outset South Africa s history has been marked by division and conflict along racial and ethnic lines From 1948 until 1994 this division was formalized in the National Party s policy of apartheid Because apartheid intruded on every aspect of private and public life South African literature was preoccupied with the politics of race and social engineering Since the release from prison of Nelson Mandela in 1990 South Africa has been a new nation in the making inspired by a nonracial idealism yet beset by poverty and violence South African writers have responded in various ways to Njabulo Ndebele s call to rediscover the ordinary The result has been a kaleidoscope of texts in which evolving cultural forms and modes of identity are rearticulated and explored An invaluable guide for general readers as well as scholars of African literary history this comprehensive text celebrates the multiple traditions and exciting future of the South African voice Although the South African Constitution of 1994 recognizes no fewer than eleven official languages English has remained the country s literary lingua franca This book offers a narrative overview of South African literary production in English from 1945 to the postapartheid present An introduction identifies the most interesting and noteworthy writing from the period Alphabetical entries provide accurate and objective information on genres and writers An appendix lists essential
