Devils Waltz:

Fire of Hell Dr. Sirajul Hoque,2024-07-06 My poetry book entitled Fire of Hell is a collection of modern English poems dealing with the stern realities as well as direly sombre aspects of life that focus on how man suffers on account of hostile fate and its workings on love in the course of reaching a destination through inscrutable predicaments contrived by despair disease and death These collected poems conjure up a real world of melancholy that commands sympathy The poems virtually celebrate macabre situations by means of philosophical ideas that are related to passions of life weaving a cobweb in a psychosocial domain My poems generally represent my personal ideology as they overshadow my concepts of pessimism and realism that make a mark on my poetic creativity

The Life of Verdi John Rosselli,2000-08-03 Verdi's long life spanned Napoleonic rule and the age of broadcasting He was the last great composer to give direct voice to basic human emotions yet he was not always as straightforward as the directness of his work suggests he was neither the uneducated peasant he claimed to be nor the conservative nationalist he seemed to become in his later years In this biography John Rosselli traces the life and work of a boldly innovative artist He investigates Verdi's businesslike running of a landed estate as well as a highly successful career and looks into his complex relationships still not quite clear with two women singers his second wife Giuseppina Strepponi and his probable lover Teresa Stolz At the same time he considers the music with clarity and insight dwelling on the most important operas and showing us why they still fill theatres and rouse enthusiasm today
