Devon Shipwrecks:

Devon Shipwrecks Richard Larn,1977-01-01 **Shipwrecks and the Bounty of the Sea** David Cressy,2022

Shipwrecks and the Bounty of the Sea is a work of social history examining community relationships law and seafaring over the long early modern period It explores the politics of the coastline the economy of scavenging and the law of wreck of the sea from the beginning of the reign of Elizabeth I to the end of the reign of George II England s coastlines were heavily trafficked by naval and commercial shipping but an unfortunate percentage was cast away or lost Shipwrecks were disasters for merchants and mariners but opportunities for shore dwellers As the proverb said it was an ill wind that blew nobody any good Lords of manors local officials officers of the Admiralty and coastal commoners competed for maritime cargoes and the windfall of wreckage which they regarded as providential godsend or entitlements by right A varied haul of commodities wines furnishings and bullion came ashore much of it claimed by the crown The people engaged in salvaging these wrecks came to be called wreckers and gained a reputation as violent and barbarous plunderers Close attention to statements of witnesses and reports of survivors shows this image to be largely undeserved Dramatic evidence from previously unexplored manuscript sources reveals coastal communities in action collaborating as well as competing as they harvested the bounty of the sea

Shipwrecks of Great Britain and Ireland Richard Larn,1981 **Shipwrecks** Charles W. N. Ingram,P. Owen Wheatley,1951 The Wreck at Sharpnose Point Jeremy Seal,2015-11-19

This is a captivating mystery of the best kind the sort that really happened While walking through a cliff top graveyard in the village of Morwenstow on the coast of Cornwall Jeremy Seal stumbled across a wooden figurehead which once adorned the Caledonia a ship wrecked on the coast below in 1842 Through further investigation he began to suspect the locals and in particular the parson Robert Hawker of luring the ship to her destruction on Cornwall s jagged shore Wrecking is known to have been widespread along several stretches of England s coast But is that what happened in Morwenstow Seal weaves history travelogue and vivid imaginative reconstruction into a marvellous piece of detective work

Shipwreck Index of the British Isles: Isles of Scilly, Cornwall, Devon, Dorset Richard Larn,Bridget Larn,1995 *South Devon's Shipwreck Trail* Jessica Berry,2013-09-15

There is always a good story in a shipwreck The tales from survivors or frequently from those who tried to rescue them are often astonishing in the accounts of bravery and self sacrifice they reveal Britain s long maritime past can be traced through the shipwrecks off our coasts The South Devon coast has a rich maritime past which archaeologists have been able to link to the Bronze Age Some of the oldest shipwrecks in Northern Europe lie off this coast and there is evidence of a seaborne prehistoric trade in metals and a later trade with Byzantium Ships in the area helped transport troops to Brittany at the beginning of the Hundred Years War four ships were sent to fight the Spanish Armada of 1588 and during the Second World War the area served as a staging post for the Normandy Landings This guide with original illustrations is essential reading for coastal walkers and kayakers with an interest in good stories to accompany them Rather than a blank canvas as they look
