Utopian Vision of D.H.Lawrence E. Goodheart,1963

The Utopian Vision of D. H. Lawrence E. Goodheart,1971

D.H. Lawrence Eugene Goodheart,2018-02-06 The dominant view of D H Lawrence s work has long been that of F R Leavis who confined Lawrence within an exclusively ethical and artistic tradition In D H Lawrence The Utopian Vision Eugene Goodheart widens the context in which Lawrence should be understood to include European as well as English writers Blake Nietzsche Rilke and Freud among others Goodheart shows that the characteristic impulse of Lawrence s principal discovery was the bodily or physical life that he believed man had once possessed in his pre civilized past and must now fully recover if future civilized life is possible Goodheart s argument fully engages the paradoxes of Lawrence s writing He is at once the last great representative of the moral tradition of the English novel and of the English Protestant imagination and a novelist without precedent a diabolist in the service of the dark gods He rejects the claims of society while simultaneously lamenting the thwarting of the societal instinct The oppositions and paradoxes in the work are the expression of a single not always coherent revolutionary imagination D H Lawrence The Utopian Vision provides a rigorous and critical analysis of the ideological character of Lawrence s novels and essays in particular the effect of his utopianism on his views of nature myth and religious experience while responding to his aesthetic achievement Goodheart s Lawrence is a prophetic artist whose vision is at once inspiring and dangerous In the new introduction to the book Goodheart reflects upon the vicissitudes of Lawrence s reputation since the sixties when the book first appeared and his relevance to the concerns of our own time *The utopian vision of D.H.Lawrence, [Chic.], Univ* Eugene Goodheart, **Cosmopolitan Love** Sijia Yao,2023-11-09 Love and the different manifestations of it is a common theme in literature around the world In **Cosmopolitan Love** Sijia Yao examines the writings of D H Lawrence a British writer whose literature focused primarily on interpersonal relationships in domestic settings and Eileen Chang a Chinese writer who migrated to the United States and explored Chinese heterosexual love in her writing While comparing the writings of a Chinese writer and an English one Yao avoids a direct comparison between East and West that could further enforce binaries Instead she uses the comparison to develop an idea of cosmopolitanism that shows how the writers are in conversation with their own culture and with each other Both D H Lawrence and Eileen Chang wrote stories that are influenced by but sometimes stand in opposition to their own cultures They offer alternative understandings of societies dealing with modernism and cultural globalization Their stories deal with emotional pain caused by the restrictions of local politics and economics and address common themes of incestuous love sexual love adulterous love and utopian love By analyzing their writing Yao demonstrates that the concept of love as a social and political force can cross cultural boundaries and traditions to become a basis for human meaning the key to a cosmopolitan vision **The Consciousness of D.H. Lawrence** Daniel J. Schneider,1986 This biography of Lawrence is unlike any other in its focus on the essential character of the artist and in its synthesis of the facts of his life and thought It is

written not for specialists but for general readers who wish to deepen their understanding of the development of Lawrence's thought and feeling over the course of his lifetime The author blends intellectual biography and psychology to focus on Lawrence's religious nature as a shaping force in his life **D. H. Lawrence's response to Russian literature** George John Zytaruk,2015-07-24 No detailed description available for D H Lawrence's response to Russian literature

Natural Space In Literature Tom Henighan,2013-12-30 Natural Space In Literature Imagination and Environment in Nineteenth and Twentieth Century Fiction and Poetry **The Apocalyptic World of D.H. Lawrence** Peter Fjågesund,1991 Fjagesund argues that traditional apocalypticism or the dialectic between forces of destruction and visions of utopian renewal forms the mental framework of Lawrence's writings from the First World War onwards After an introductory chapter on Lawrence's view of history the author shows how apocalyptic extremes dominate the various periods of his career from the general sense of doom during the war via the utopian quest of the early 1920s to the dual vision of the final years The book sheds new light on crucial passages of the major prose works by relating them more directly than has previously been done to cultural and political movements on the Continent As a result Lawrence emerges as a cosmopolitan writer whose visions and ideas can only be properly understood in a European context *Routledge Revivals: D.H. Lawrence (1983)* Thomas Jackson
