**From Fire To Light** Arvind Sharma,2024-04-20 To write on the Manusmriti is to play with fire This statement is not merely metaphorical the Manusmriti has a history of being literally torched But where there is fire there is also the possibility of light Why yet another book on the Manusmriti In From Fire to Light acclaimed academic Arvind Sharma argues that the present understanding of the Manusmriti regarded as a text designed by the higher castes especially brahmanas to oppress the lower castes and women only tells one side of the story As he demonstrates this perception when examined against textual commentarial and historical evidence is limited to the point of being misleading and sometimes downright wrong Providing an alternative reading of the Manusmriti From Fire to Light accepts some of the conclusions associated with the existing interpretation but presents them in a new light mitigating and at times contradicting some of its other features In taking the plural character of the Hindu tradition and the Manusmriti shistorical context more deeply into account it brings about a paradigm shift in our understanding of this ancient text The Manusmriti emerges as an attempt at social engineering but of a rather different kind than imagined till now
