**Dialectical Criticism and Renaissance Literature** Michael McCanles, Michael Mac Canles, 1975      **The Ludic Self in Seventeenth-Century English Literature** Anna K. Nardo, 1991-01-01 This book argues that play offered Hamlet John Donne George Herbert Andrew Marvell Robert Burton and Sir Thomas Browne a way to live within the contradictions and conflicts of late Renaissance life by providing a new stance for the self Grounding its argument in recent theories of play and in a historical analysis that sees the seventeenth century as a point of crisis in the formation of the western self the author demonstrates how play helped mediate this crisis and how central texts of the period enact this mediation      **The Variorum Edition of the Poetry of John Donne, Volume 7, Part 2** John Donne, 2021-01-05 Based on an exhaustive study of the manuscripts and printed editions in which these poems have appeared the eighth in the series of The Variorum Edition of the Poetry of John Donne presents newly edited critical texts of thirteen Divine Poems and details the genealogical history of each poem accompanied by a thorough prose discussion Arranged chronologically within sections the material is organized under the following headings Dates and Circumstances General Commentary Genre Language Versification and Style the Poet Persona and Themes The volume also offers a comprehensive digest of general and topical commentary on the Divine Poems from Donne s time through 2012      *The Variorum Edition of the Poetry of John Donne, Volume 4.2* John Donne, 2021-11-02 This volume the ninth in the series of The Variorum Edition of the Poetry of John Donne presents newly edited critical texts of 25 love lyrics Based on an exhaustive study of the manuscripts and printed editions in which these poems have appeared Volume 4 2 details the genealogical history of each poem accompanied by a thorough prose discussion as well as a General Textual Introduction of the Songs and Sonets collectively The volume also presents a comprehensive digest of the commentary on these Songs and Sonets from Donne s time through 1999 Arranged chronologically within sections the material for each poem is organized under various headings that complement the volume s companions Volume 4 1 and Volume 4 3      The Variorum Edition of the Poetry of John Donne John Donne, 2021-01-05 Based on an exhaustive study of the manuscripts and printed editions in which these poems have appeared the eighth in the series of The Variorum Edition of the Poetry of John Donne presents newly edited critical texts of thirteen Divine Poems and details the genealogical history of each poem accompanied by a thorough prose discussion Arranged chronologically within sections the material is organized under the following headings Dates and Circumstances General Commentary Genre Language Versification and Style the Poet Persona and Themes The volume also offers a comprehensive digest of general and topical commentary on the Divine Poems from Donne s time through 2012      **The Variorum Edition of the Poetry of John Donne, Volume 7, Part 1** John Donne, Gary A. **Radical Spenser** Richard Chamberlain, 2019-06-01. This book provides a radical reading of Edmund Spenser and argues for a re-orientation in Renaissance criticism. It begins by critiquing the new historicist hegemony in Spenser studies and through a series of detailed readings proposes alternative strategies for interpreting the texts of this pivotal Renaissance author which include a politicised new aestheticism, eco-criticism and pastoral theory. Unlike most non-new historicist studies, *Radical Spenser* argues that Spenser's texts demand a reading at once political and sensitive to aesthetic surprise. Following a polemical Introduction which establishes Spenser's centrality to key problems in contemporary Renaissance studies, Richard Chamberlain shows that William Empson's ideas about pastoral are vital for an understanding of Spenser and early modern literature. The following chapters discuss Spenser's use in *The Shepheardes Calender* of a distinctively pastoral logic to problematise the relationship between literature and criticism; the ways in which this method informs *The Faerie Queene*; the approach in the central books of the epic to textual and state authority; and the final book's exploration of political experience. Finally, by demonstrating the complexity of the critically neglected prose treatise *A View of the State of Ireland*, the book offers an eco-critical perspective on Spenser's place in the natural and cultural environments of sixteenth-century Ireland.

**Key Features:** Theoretical intervention encouraging debate and analysis in Renaissance studies; Close analysis of key passages offers a new understanding of how Spenser's writing works; Broad coverage including readings of Spenser's major poems and his prose dialogue on Ireland.

**Working Papers in Linguistics and Literature** A. Kakouriotis, Ruth Parkin-Gounelas, 1989. **The Aligarh Journal of English Studies**, 1977. *Jonsonian Discriminations* Michael McCaules, 1992. At the heart of all Ben Jonson's nondramatic poetry argues Michael McCaules lies the concept of true nobility. Jonson sought to transform the inherited aristocracy of England into an aristocracy of humanist virtue in which he could claim a place through his achievement of true nobility by the merits of his own intellectual labours. In this survey of all Jonson's non-dramatic poetry, McCaules identifies a range of dialectical and contrastive forms through which this concern was rendered poetically. He analyses the contrastive forms in discussions of Jonson's prosody, his use of homonymy and synonymy and of metaphor. He coins the term contrastivity to encompass the play of semantic choices directed by Jonson's use of suprasegmentals at the local level of poetic technique and the reader's process of reading wherein he or she confirms the validity of a poem's statements by recreating the process of selection/rejection that went into its creation. Thematically, McCaules suggests that the *vera nobilitas* argument is in fact four distinct arguments in various ways mutually contradictory, collectively both supporting and subverting aristocratic and monarchical hierarchies. Thus he finds Jonson constrained to employ this argument in addressing aristocratic friends, patrons and the monarch himself with careful diplomacy in order to negate the

subversive dimensions of his own advice and praise Employing the resources generated by the theoretical analysis of contrastivity in the first chapter McCanles demonstrates the considerable complexity of Jonson s poetry generally underestimated in current scholarship BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Publishers' Trade List Annual** ,1985 **Research in Critical Theory Since 1965** ,1989-09-26 For students and scholars of literary theory this unique volume provides organized access to a diverse body of literature The 5 523 entries include listings of books articles and dissertations culled from such sources as the MLA International Bibliography Dissertation Abstracts Language and Language Behavior Abstracts and the annual bibliography of the Modern Humanities Research Association Researchers can look forward to a Dictionary of Critical Theory and a Handbook of Critical Theory by the same author within the next two years Recommended for its comprehensive coverage and currency to graduate level collections Choice Encompassing the variety of critical theories the theoretical approaches or schools influenced by continental theorists and philosophers that came to prominence beginning in the mid 1960s this volume contains substantial representative and indexed bibliographies to assist researchers of specific topics in critical theory or those seeking works by major theorists Nearly all inclusive for the 1965 1987 period a number of important works through August 1988 are also listed the more than 5 500 works include books articles and dissertations available in English French or German and range from introductory to advanced levels 350 of the works are listed in more than one section for the user s convenience Readers are guided to appropriate works by the user friendly twelve major section format that classifies works on theory following the generally accepted names of current critical approaches including structuralism semiotics narratology psychological criticism sociological criticism feminist criticism reader response criticism reception aesthetics phenomenological criticism hermeneutics and deconstruction post structuralist and post deconstructive criticism Each section has an index and may be used independently of the other sections These section indexes are grouped together following the Classified Bibliography Two additional indexes a general index that aids in locating works covering more than one theory or that have not been classified into one of the theories and an author index that applies to the entire bibliography complete the volume Sources for the bibliography include annual bibliographies of the MLA the MHRA and such works as Dissertations Abstracts International and Language and Language Behavior Abstracts as well as database searches for topics keywords and theorists Companion volumes to this work A Dictionary of Critical Theory and A Handbook of Critical Theory will be published within the next two years by Greenwood Press *Gradiva* ,1976 **Éire-Ireland** ,1994 *Moreana* ,1979 *Books in Print* ,1981 **Zeitschrift Für Anglistik und Amerikanistik** ,1978 *William Shakespeare's Henry IV, Part 1* Harold Bloom,1987 **Intellect** ,1975-07 **English Studies in Canada** ,1984
