## Dialogue On Love:

**A Dialogue On Love** Eve Kosofsky Sedgwick, 2000-06-09 When she begins therapy for depression after breast cancer treatment the author brings with her an extraordinarily open and critical mind but also shyness about revealing herself Resisting easy responses to issues of dependence desire and mortality she warily commits to a male therapist who shares little of her cultural and intellectual world Although not without pain their improvised relationship is as unexpectedly pleasurable as her writing is unconventional Sedgwick combines dialogue verse and even her therapist's notes to explore her interior life and delivers a delicate and tender account of how we arrive at love **Dying to self. (The spirit of love.**

**Pt.2. 3rd dialogue). With notes by A. Murray** William Law, 1898 Dialogues of Love León (Hebreo), 2009 Leone's Dialogues consists of three conversations On Love and Desire On the Universality of Love and On the Origin of Love that take place over a period of three subsequent days They are organized in a dialogic format much like a theatrical representation of a conversation between a man Philo who plays the role of the lover and teacher and a woman Sophia the beloved and pupil The discussion covers a wide range of topics that have as their common denominator the idea of Love Through the dialogue the author explores many different points of view and complex philosophical ideas Grounded in a distinctly Jewish tradition and drawing on Neoplatonic philosophical structures and Arabic sources the work offers a useful compendium of classical and contemporary thought yet was not incompatible with Christian doctrine **The Cry of the Poor** Alexandre A.

Martins, 2019-11-21 This book offers an interdisciplinary effort to address global health issues grounded on a human rights framework seen from the perspective of those who are more vulnerable to be sick and die prematurely the poor Combining his scholarship and service in impoverished communities the author examines the connection between poverty and health inequalities from an ethical perspective that considers contributions from different disciplines and the voices of the poor

*Dialogue on the Infinity of Love* Tullia d'Aragona, 2007-11-01 Celebrated as a courtesan and poet and as a woman of great intelligence and wit Tullia d'Aragona 1510-56 entered the debate about the morality of love that engaged the best and most famous male intellects of sixteenth century Italy First published in Venice in 1547 but never before published in English Dialogue on the Infinity of Love casts a woman rather than a man as the main disputant on the ethics of love Sexually liberated and financially independent Tullia d'Aragona dared to argue that the only moral form of love between woman and man is one that recognizes both the sensual and the spiritual needs of humankind Declaring sexual drives to be fundamentally irrepressible and blameless she challenged the Platonic and religious orthodoxy of her time which condemned all forms of sensual experience denied the rationality of women and relegated femininity to the realm of physicality and sin Human beings she argued consist of body and soul sense and intellect and honorable love must be based on this real nature By exposing the intrinsic misogyny of prevailing theories of love Aragona vindicates all women proposing a morality of love that restores them to intellectual and sexual parity with men Through Aragona's sharp reasoning her sense of irony and

humor and her renowned linguistic skill a rare picture unfolds of an intelligent and thoughtful woman fighting sixteenth century stereotypes of women and sexuality *Love and the Politics of Care* Stanislava Dikova, Wendy McMahon, Jordan Savage, 2022-11-03 This edited volume offers a contemporary rethinking of the relationship between love and care in the context of neoliberal practices of professionalization and work Each of the book's three sections interrogates a particular site of care where the affective political legal and economic dimensions of care intersect in challenging ways These sites are located within a variety of institutionally managed contexts such as the contemporary university the theatre hall the prison complex the family home the urban landscape and the care industry The geographical spread of the case studies stretches across India Vietnam Sweden Brazil South Africa the UK and the US and provides broad coverage that crosses the divide between the Global North and the Global South To address this transnational interdisciplinary field of study the collection utilises insights from across the humanities and social sciences and includes contributions from literature sociology cultural and media studies philosophy feminist theory theatre art history and education These inquiries build on a variety of conceptual tools and research methods from data analysis to psychoanalytic reading *Love and the Politics of Care* delivers an attentive and widely relevant examination of the politics of care and makes a compelling case for an urgent reconsideration of the methods that currently structure and regulate it **Primitive Love and Love-stories** Henry T.
