Swearer,1977-01-01 Beyond Agreement Scott Steinkerchner,2010-11-16 Beyond Agreement addresses the thorny question of how to make interreligious dialogue productive when the religious differences are so large that finding common ground seems unlikely The book offers a way to think about interreligious dialogue that allows people to stay committed to their own truth as they have come to know it while being open to learning from other religions It then outlines a way for Christian theologians to enter into a profitable dialogue with the beliefs and traditions of other religions by presenting practical steps to follow in order to keep the dialogue productive and respectful of similarities and differences

Meeting Other Believers Francis A. Arinze,1997 *Pope Francis and Interreligious Dialogue* Harold Kasimow,Alan Race,2018-10-29 This book engages thinkers from different religious and humanist traditions in response to Pope Francis s pronouncements on interreligious dialogue The contributors write from the perspectives of Judaism Christianity Islam Hinduism Sikhism Buddhism and Humanism Each author elaborates on how the pope s openness to dialogue and invitation to practical collaboration on global concerns represents a significant achievement as the world faces an uncertain future The theological tension within the Catholic double commitment to evangelization on the one hand and dialogue on the other remains unresolved for most writers but this does not prevent them from praising the strong invitation to dialogue especially with the focus on justice peace and ecological sustainability *Encountering Other Faiths* Maria Hornung,2008 An examination of the imperative of interreligious dialogue within the world and within the United States an introduction to both individuals and study groups to the exciting and necessary enterprise in its several modalities *Faith-based Diplomacy and Interfaith Dialogue* Scott Blakemore,2019-05-27 Scholars are seeking to identify how to constructively integrate faith into diplomacy Proponents of faith based diplomacy recognise that incorporating faith into peacemaking activities assists in managing identity based conflict and religiously motivated violence in the contemporary international system A promising strategy within the scope of faith based diplomacy is interfaith dialogue The study and practice of interfaith dialogue has been reinvigorated since the advent of 9 11 and yet the link between interfaith dialogue and diplomacy remains underdeveloped The cases of Indonesia and the United States present lessons on how states can effectively use interfaith dialogue to achieve policy objectives while recognising that some policies are detrimental to achieving diplomatic goals This paper seeks to provide some framework for bringing interfaith dialogue into the scope of diplomacy by illuminating how faith based diplomacy and interfaith dialogue can be innovative diplomatic perspectives useful in addressing contemporary global issues *Criteria of Discernment in Interreligious Dialogue* Catherine Cornille,2009-08 CONTRIBUTORS Mustafa Abu Sway Al Quds University Jerusalem Asma Afsaruddin Indiana University Reinhold Bernhardt Basel Univeristy David Burrell CSC University of Notre Dame Catherine Cornille Boston College Gavin D Costa University of Bristol David M Elcott New York University Joseph Lumbard Brandeis University Jonathan Magonet Louis Baeck Institute London John Makransky Boston
