Curriculum et situations : Un cadre méthodologique pour le développement des programmes éducatifs Jean-Marie de Ketele, Philippe Jonnaert, Christian Depover, Raïssa Malu, 2020-10-16 Partant d'une analyse des politiques éducatives les auteurs développent tout le processus de construction de mise en œuvre et de validation d'un nouveau curriculum et présentent le concept de compétence dans une perspective pragmatique Dans une perspective de développement de compétences par les apprenants la notion de situation devient incontournable dans le processus de construction et d'implantation d'un curriculum Elle est centrale dans ce livre Les auteurs décrivent la complexité de la mise en œuvre d'approches s'appuyant sur des situations pertinentes pour les apprenants Quelles sont ces situations comment les coder a priori qu'en font les apprenants quel type de évaluation adopter face à un apprentissage en situations Ce manuel allie théorie et pratique et intéressera autant les praticiens que les formateurs d'enseignants ou les chercheurs en éducation

Dialogue Analysis: Units, relations and strategies beyond the sentence Edda Weigand, Eckhard Hauenherm, 2011-07-13 The topic of this volume was discussed at a Round Table of the International Association for Dialogue Analysis IADA at the University of Bologna in March 1995 The Round Table was intended to make a scientific contribution in honour of the president's 65th birthday The topic refers on the one hand to the central problem of Dialogue Analysis which is to discover a new communicatively functioning unit after having left behind the unit of the sentence which can be considered the unit par excellence of structural linguistics On the other hand it includes the manifold units relations and strategies i.e. the specific problems of dialogue analysis

Interdisciplinary Works in Logic, Epistemology, Psychology and Linguistics Manuel Rebuschi, Martine Batt, Gerhard Heinzmann, Franck Lihoreau, Michel Musiol, Alain Trognon, 2014-06-30 This book presents comparisons of recent accounts in the formalization of natural language dynamic logics and formal semantics with informal conceptions of interaction dialogue natural logic and attribution of rationality that have been developed in both psychology and epistemology There are four parts which explore historical and systematic studies the formalization of context in epistemology the formalization of reasoning in interactive contexts in psychology the formalization of pathological conversations Part one discusses the Erlangen School which proposed a logical analysis of science as well as an operational reconstruction of psychological concepts These first chapters provide epistemological and psychological insights into a conceptual reassessment of rational reconstruction from a pragmatic point of view The second focus is on formal epistemology where there has recently been a vigorous contribution from experts in epistemic and doxastic logics and an attempt to account for a more realistic cognitively plausible conception of knowledge The third part of this book examines the meeting point between logic and the human and social sciences and the fourth part focuses on research at the intersection between linguistics and psychology Internationally renowned scholars have contributed to this volume building on the findings and themes relevant to an interdisciplinary scientific project called DiaRaFor Dialogue Rationality Formalisms

Situations Et Contextes H. Jay Siskin,1990 Les Troubles de la personnalité Dominique Servant,2024-06-12 Tous les psychopathes prennent en charge des patients qui présentent des troubles de la personnalité isolés ou associés à d'autres troubles psychiatriques.
