Islamic Political Identity in Turkey M. Hakan Yavuz, 2003-08-28 In November of 2002 the Justice and Development Party swept to victory in the Turkish parliamentary elections Because of the party's Islamic roots its electoral triumph has sparked a host of questions both in Turkey and in the West Does the party harbor a secret Islamist agenda Will the new government seek to overturn nearly a century of secularization stemming from Kemal Atatürk's early twentieth century reforms Most fundamentally is Islam compatible with democracy In this penetrating work M Hakan Yavuz seeks to answer these questions and to provide a

comprehensive analysis of Islamic political identity in Turkey He begins in the early twentieth century when Kemal Atatürk led Turkey through a process of rapid secularization and crushed Islamic opposition to his authoritarian rule Yavuz argues that since Atatürk's death in 1938 however Turkey has been gradually moving away from his militant secularism and experiencing a quiet Muslim reformation Islamic political identity is not homogeneous says Yavuz but can be modern and progressive as well as conservative and potentially authoritarian While the West has traditionally seen Kemalism as an engine for reform against reactionary political Islam in fact the Kemalist establishment has traditionally used the Islamic threat as an excuse to avoid democratization and thus hold on to power Yavuz offers an account of the soft coup of 1997 in which the Kemalist military bureaucratic establishment overthrew the democratically elected coalition government which was led by the pro Islamic Refah party He argues that the soft coup plunged Turkey into a renewed legitimacy crisis which can only be resolved by the liberalization of the political system The book ends with a discussion of the most recent election and its implications for Turkey and the Muslim world Yavuz argues that Islamic social movements can be important agents for promoting a democratic and pluralistic society and that the Turkish example holds long term promise for the rest of the Muslim world Based on extensive fieldwork and interviews this work offers a sophisticated new understanding of the role of political Islam in one of the world's most strategically important countries

Islam in Modern Turkey Richard Tapper, 1994
 A systematic account of the life works and accomplishments of al Kirmani an important Ismaili Muslim scholar and writer in the fields of philosophy and science who lived during the first half of the 11th century AD **Vidya**, 1967 The Armenian Review, 1976 **Political Parties in Turkey** Mehmet Yasar Geyikdagi, 1984 **Turkey** Mehmet Odekon, 1988

Towards an Islamic Theory of International Relations 'AbdulḤamīd Abū Sulaymān, 1993 Recent events have demonstrated that one of the most important fields of study in this century is world order The contribution of this book to this field is that it attempts to lay the intellectual foundations for a reconsideration of what constitutes a truly Islamic world order Perhaps the words of the late Professor Ismail al Faruqi in his scholarly introduction to this work best describes the landmarks of such an order The world order of Islam would confer upon every person by virtue of birth and humanity the ultimate right and honor namely the capacity to think and make up one's mind as to which millah one wishes to belong and hence by which law one desires to order one's life and that of one's dependents In dealing with his subject the author has had to return to the sources of Islam the Qur'an and the Sunnah and develop a methodology for dealing with them in a creative and practicable manner In doing so he examines the methodology developed by the early generations of Muslim scholars and finds it limited by its legalistic approach Thus much of the value of his work lies in its discussion of methodology and in the social sciences in general by means of methodology developed from a purely Islamic perspective Originally submitted as a doctoral dissertation and then revised for its publication in 1987 as *The Islamic Theory of International Relations* this edition retitled *Towards an Islamic Theory of International Relations* has undergone serious editorial revision and may now be seen

to convey the author's pioneering ideas in a way that befits their importance
