Development Of The Personality:

Personality Development Elizabeth Bergner Hurlock,1973 Personality Development John Aurther,2007-07-30 This book provides a concise but concrete introduction to the basic aspects of personality development Arranged ten chapters topics such as theoretical perspectives of personality stages of personality development biological and physical aspects of personality development personality and leadership personal and interpersonal skills communication skills self discipline time management self assessment techniques of self improvement etc are described in detail The book will be a useful tool for all likes to develop their personality John Aurther is a personal growth strategist An expert in personality development he speaks to thousands of people and numerous organisations about improving their personal lives Social and Personality Development Michael E. Lamb,Marc H. Bornstein,2013-05-13 This new text contains parts of Bornstein and Lamb s Developmental Science 6th edition along with new introductory material providing a cutting edge and comprehensive overview of social and personality development Each of the world renowned contributors masterfully introduces the history and systems methodologies and measurement and analytic techniques used to understand the area of human development under review The relevance of the field is illustrated through engaging applications Each chapter reflects the current state of knowledge and features an introduction an overview of the field a chapter summary and numerous classical and contemporary references As a whole this highly anticipated text illuminates substantive phenomena in social and personality developmental science and its relevance to everyday life Students and instructors will appreciate the book s online resources For each chapter the website features chapter outlines a student reading guide a glossary of key terms and concepts and suggested readings with hotlinks to journal articles Only instructors are granted access to the test bank with multiple choice short answer and essay questions PowerPoints with all of the text s figures and tables and suggestions for classroom discussion assignments The book opens with an introduction to social and personality development as well as an overview of developmental science in general its history and theory the cultural orientation to thinking about human development and the manner in which empirical research is designed conducted and analyzed Part 2 examines personality and social development within the context of the various relationships and situations in which developing individuals function and by which they are shaped The book concludes with an engaging look at applied developmental psychology in action through a current examination of children and the law Ways in which developmental thinking and research affect and are affected by practice and social policy are emphasized Intended for advanced undergraduate and or graduate level courses on social and personality development taught in departments of psychology human development and education researchers in these areas will also appreciate this book s cutting edge coverage Child Development and Personality Paul Henry Mussen,John Janeway Conger,Jerome Kagan,1974 The Development of Personality C.G. Jung,2014-12-18 Though Jung s main researches have centred on the subject of individuation as an adult ideal he has a unique contribution to make to the

psychology of childhood Jung repeatedly underlined the importance of the psychology of parents and teachers in a child's development and he emphasized that an unsatisfactory psychological relationship between parents may be an important cause of disorders in childhood He maintained that all real education of children needs teachers who not only know how to learn but who can also develop their own personalities Jung devotes a large part of the book to expounding his views on these important subjects There is also an outline of the theory of child development a delightful snapshot from the life of a girl called Anna and her parents and a stimulating discussion of marriage as a psychological relationship Finally there is a chapter on child development and individuation

Life-Span Developmental Psychology Paul B. Baltes, K Warner Schaie, 2013-09-11 Life Span Developmental Psychology Personality and Socialization presents papers on personality and socialization The book discusses the history theory and psychological approaches of developmental psychology with focus on socialization and personality development through the life span personality dimensions and theories of socialization and sex role development The text also describes the life span perspective of creativity and cognitive styles continuities in childhood and adult moral development revisited and issues of intergenerational relations as they affect both individual socialization and continuity of culture The interactional analysis of family attachments social learning theory as a framework for the study of adult personality development person perception research and the perception of life span development are also considered The book further tackles the potential usefulness of the life span developmental perspective in education the strategies for enhancing human development over the life span through educational intervention and some ecological implications for the organization of human intervention throughout the life span Developmental psychologists sociologists gerontologists and people involved in the study of child development will find the book invaluable

Handbook of Personality Development Daniel K. Mroczek, Todd D. Little, 2014-02-25 This handbook is the first volume to provide a comprehensive look at personality development It features a state of the art examination of the field an area that is enjoying a resurgence in popularity Five major types of advances all of which are represented in this volume are the result of the recent burst in research activity in this area 1 new theoretical perspectives 2 higher quality empirical studies 3 more sophisticated research designs and analyses 4 attention to development across the lifespan and 5 the growing prominence of interdisciplinary approaches to personality development The Handbook of Personality Development is comprehensive across the lifespan in its range of personality constructs and in its coverage of theoretical and methodological frameworks It is the first volume to address the most important personality development theoretical frameworks in one location the evolutionary physiological behavioral genetic and socio cultural perspectives The book also reviews new statistical techniques that allow for the estimation of individual differences in stability and the analysis of change The latter part of the book focuses on personality development over the lifespan from infancy to older adulthood

The authors address personality variables such as emotion regulation temperament and self concept across the lifespan The book concludes with a compelling capstone chapter by Dan McAdams on how personality develops The Handbook of Personality Development provides an historical account of and summary of the most significant and important findings in the area along with suggestions for future research Intended for researchers and advanced students in personality developmental social clinical and educational psychology as well as related fields such as family studies sociology education nursing behavioral genetics neuropsychology and psychophysiology the handbook also serves as a valuable resource in advanced courses that address personality development

Socialization and Personality Development Edward Zigler, Michael E. Lamb, Irvin Long Child, 1982 The second edition of this highly successful introductory text confronts broad psychological issues basic to the field while dealing in detail with specific issues of current interest such as day care and early childhood intervention programs The book is divided into two parts the first offers an overview of theory and research in fundamental areas including mechanisms of influence gender identity individuation and aggression the second part contains a selection of recent publications covering many of the same subjects in greater depth The two parts are carefully balanced and each enlightens and informs the other

Personality Development Jerome Kagan, 1971

Personality Development in Childhood Mary Cover Jones, Barbara Stoddard Burks, 1936

Childhood and Human Nature Sula Wolff, 2017-12-06 How do we make sense of people Human behaviour is complex so that understanding ourselves and others calls for both objective and subjective viewpoints as well as a flexible appreciation of human development over time Dr Sula Wolff believes that knowledge about personality development is essential in three important domains in the appraisal of deviant behaviour at all ages in the development of social policy for children and in therapeutic interventions for children and their families In this book originally published in 1989 Dr Wolff gives a comprehensive account of the major aspects of personality development in childhood She reports research findings and presents developmental theories in their historical context stressing the interplay between biological and cultural influences on development Her account includes a wealth of illustrative case histories with children and parents speaking for themselves these provide fascinating reading and give substance to statistical results and theoretical propositions Clearly and simply written the book will be of interest to many people and will still be of value to medical students psychiatrists in training students in social work and psychology and teachers in special education

Personality Development Across the Lifespan Jule Specht, 2017-03-17 Personality Development across the Lifespan examines the development of personality characteristics from childhood adolescence emerging adulthood adulthood and old age It provides a comprehensive overview of theoretical perspectives methods and empirical findings of personality and developmental psychology also detailing insights on how individuals differ from each other how they change during life and how these changes relate to biological and environmental factors including major life events social relationships and health The book begins with chapters on personality development in different life phases

before moving on to theoretical perspectives the development of specific personality characteristics and personality development in relation to different contexts like close others health and culture Final sections cover methods in research on the topic and the future directions of research in personality development Introduces and reviews the most important personality characteristics Examines personality in relation to different contexts and how it is related to important life outcomes Discusses patterns and sources of personality development *Library of Congress Subject Headings* Library of Congress, Library of Congress.
