5 pages | 1049 words

In sociology, the term deviance refers to behaviors or attitudes which go against certain cultural norms. It is evident that deviance is a fascinating topic not only for sociologists, but for television industry and its viewers, as well. In recent years, increasing number of shows begun to feature individuals violating every kind of social norm from folkways to taboos. The Secret Life of the American Teenager, an American television series on the ABC Family television network, is one of the many contemporary shows that portray deviant behaviors on national television. It's intended for the target audience of teens and their families who are trying to cope in a culture where teen girls and boys are sexually active.

I chose this particular show, because of one key reason. Secret Life of the American Teenager explores a teenage taboo. It is reflective of a new strain in American morality that accepts teenage sexual exploration, teenage pregnancy, and all other forms of deviance and misconduct. When Secret Life first debuted, it was supposed to be a "cautionary" tale about teenage pregnancy, but it is handled more like a deviant soap opera. Not only does an abstinence-only, pro-life agenda appear to be advocated, but that Secret Life also portrays negative historical stereotypes about gender, race, and sexuality. This programming depicts adolescent sexuality in terms of a heterosexual script which situates traditional gender roles as prohibited by hegemonic masculinity as the norm, as well as reinforces a sexual and racial double standard.

There are two major sociological terms demonstrated on Secret Life of the American Teenager. The first term is deviance, a behavior, trait, or belief that departs from a norm, is projected through these four characters. Amy Juergens is a fifteen year old "good girl" in high school who plays the French horn and wants to someday attend Juilliard. At summer band camp, prior to starting her freshman year, Amy has a one night stand with Ricky Underwood and becomes pregnant. Grace Bowman is a seventeen-year-old head cheerleader and is a devoted Christian. She had taken a vow of abstinence, but breaks her vow of chastity-until-marriage and loses her virginity to Jack, her on again/off again star of the football team boyfriend.

Anne Juergens and George Juergens, parents of Amy both committed adultery. George was cheating on his wife Anne, with Adrian's mother, Cindy Lee. Anne also had a sexual affair with a coworker and became pregnant right after Amy did. She is not certain, if the baby was from her new (but now ex-) boyfriend David or her ex-husband George. The second term is Labeling Theory, a theory that society creates deviance by identifying particular members as deviant, is projected through this one character. Adrian Lee is an eighteen-year-old majorette. She has gained a reputation for being promiscuous and enjoys casual sex, so after she gets that name she tries and lives up to it. She begins sleeping around with about every guy, even with her new stepbrother.

The deviances on Secret Life were condemned. The characters faced the consequences of their deviant...
