Devolution To Scotland The Legal Aspects Contemplating The Imponderable:

Devolution to Scotland T. St. J. N. Bates, 1997-01-01 *Devolution, Law Making and the Constitution* Robert Hazell, Richard Rawlings, 2015-12-01 Law making is a primary function of government and how well the three devolved UK legislatures exercise this function will be a crucial test of the whole devolution project This book provides the first systematic study and authoritative data to start that assessment It represents the fruits of a four year collaboration between top constitutional lawyers from Scotland Wales and Northern Ireland and leading researchers in UCL s Constitution Unit The book opens with detailed studies of law making in the period 1999 2004 in the Scottish Parliament and the Assemblies in Wales and Northern Ireland and how they interact with Westminster Later contributions look at aspects of legislative partnership in the light of the UK s strongly asymmetric devolutionary development and also explain the unexpected impact of devolution on the courts Individual chapters focus on various constitutional aspects of law making examining the interplay of continuity and change in political legal and administrative practice and the competing pressures for convergence and divergence between the different parliaments and assemblies This book is essential reading for academics and students in law and in politics and for anyone interested in the constitutional and legal aspects of UK devolution not least the practitioners and policymakers in London Edinburgh Cardiff and Belfast *Developments in British Politics*, 2000 The British National Bibliography Arthur James Wells, 1998 *Zeitschrift für Neuere Rechtsgeschichte*, 2002 **Minutes of Evidence** Great Britain. Royal Commission on Local Government in Scotland, 1967 **Independence and Devolution** John P. Grant, 1976-01-01 **Scotland Analysis** Great Britain: Scotland Office, 2013-02-11 The UK Government is undertaking a major cross government programme of analysis prior to the referendum on Scottish independence in 2014 The aim is to provide a comprehensive and detailed analysis of Scotland s place in the UK This paper the first of a series to be published in 2013 and 2014 examines the UK s constitutional set up and the legal implications of independence The UK Government is convinced that the current devolution offers the best for Scotland the Scottish Parliament and Government are empowered to take decisions on a range of domestic policy areas such as health education policing while Scotland continues to benefit from decisions made for the UK as a whole defence and security foreign representation economic affairs Independence is very different to devolution Based on independent expert opinion published as Annex A the paper concludes that if there were to be a vote in favour of leaving the UK Scotland would become an entirely new state whilst the remainder of the UK would continue as before retaining the rights and obligations of the UK as it currently stands Any separation would have to be negotiated between both governments Legal and practical implications of independence both at home and abroad are addressed An independent Scotland would have to apply to and or negotiate to become a member of whichever international organisations it wished to join including the EU and NATO Scotland would also have to work through its positions on thousands of international treaties to which the UK is currently party **Scottish Devolution** GPC Market
