Bremmer, Wout Jac. van Bekkum, Arie L. Molendijk, 2006 In the terms of Durheimian sociology conversion is a fait social Although they are rarely treated as a cultural phenomenon conversions can obviously be examined for the norms values and presuppositions of the cultures in which they take place Thus conversion can help us to shed light on a particular culture At the same time the term evokes a dramatic appeal that suggests a kind of suddenness although in most cases conversion implies a more gradual process of establishing and defining a new religious identity From 21 24 May 2003 the University of Groningen hosted an international conference on Cultures of Conversion The contributions have been edited in two volumes which pay special attention to the modes of language and idiom in conversion literature the meaning and sense of religious ideological discourse the variety of rhetorical tropes and the effects of the conversion narrative with allusions to religious or political conventions and idealizations The present volume contains theoretical contributions on the theory of conversion with special attention to the rational choice theory and on the history of research into conversion It also offers stimulating case studies ranging from the late Middle Ages to present times and taken from Germany Great Britain and The Netherlands The other volume Cultures of Conversion offers in depth studies of conversion that are mainly taken from the history of India Islam and Judaism ranging from the Byzantine period to the new Muslimas of the West The Christian Renaissance Albert Hyma, 1924 **Atlas of the European Reformations** Tim Dowley, 2015-10-01 A new definitive atlas of the European Reformations has been needed for many years Now in anticipation of the upcoming reformation anniversaries Fortress Press is pleased to offer tthe Atlas of the European Reformations The Atlas of the European Reformations is newly built from the ground up Featuring more than sixty brand new maps graphics and timelines the atlas is a necessary companion to any study of the reformation era Consciously written for students at any level concise helpful texts guide the experience and interpret the visuals The volume is perfect for independent students as well as those in structured courses The atlas is broken into four primary parts Before the Reformation presents the larger political religious and economic context of Europe on the eve of the reformation Reformation presents the major contours of the reformation including Lutheran Reformed English and Anabaptist movements Catholic Reform and Counter Reformation provides extensive information on the reforming movements within Catholicism and the responses to other movements Finally Early Modern Europe sheds fresh light on the movement and implications of the reformation in the later sixteenth and seventeenth centuries THE 'DEVOTIO

Sisters and Brothers of the Common Life John Van Engen,2014-02-10 The Devotio Moderna or Modern Devout puzzled their contemporaries Beginning in the 1380s in market towns along the Ijssel River of the east central Netherlands and in the county of Holland they formed households organized as communes and forged lives centered on private devotion They lived on city streets alongside their neighbors managed properties and rents in common and worked in the textile and book trades all the while refusing to profess vows as members of any religious order or to acquire spouses and personal property as lay citizens They defended their self designed style of life as exemplary and sustained it in the face of opposition

their women labeled beguines and their men lollards both meant as derogatory terms Yet the movement grew drawing in women and schoolboys priests and laymen and spreading outward toward M nster Flanders and Cologne The Devout were arguably more culturally significant than the Lollards and Beguines yet they have commanded far less scholarly attention in English John Van Engen s magisterial book keeps the Modern Devout at its center and thinks through their story anew Few interpreters have read the Devout so insistently within their own time and space by looking to the social and religious conditions that marked towns and parishes in northern Europe during the fifteenth century and examining the widespread upheavals in cultural and religious life between the 1370s and the 1440s In *Sisters and Brothers of the Common Life* Van Engen grasps the Devout in their humanity communities and beliefs and places them firmly within the urban societies of the Low Countries and the cultures we call late medieval

The Christian Renaissance Albert Hyma,2010 *The Devotio Moderna, the Radical Reformation, and the Idea of Inner Spirituality, 1374-1554* Jacob Anderson Wells,2015 **University of Michigan Publications** ,1930 *The Modern Devotion* Regnerus Richardus Post,1968 *University of California Chronicle* University of California, Berkeley,1926 **The American Historical Review** John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler,1925 American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research

Fatal Discord Michael Massing,2018-02-27 The riveting story of Erasmus Martin Luther and the rivalry between the reformer and the dissident An impressive powerful intellectual history Kirkus Reviews starred review At a time when Leonardo Michelangelo and Raphael were revolutionizing Western art and culture Erasmus of Rotterdam was helping to transform Europe s intellectual and religious life developing a new design for living for a continent rebelling against the hierarchical constraints of the Roman Church When in 1516 he came out with a revised edition of the New Testament based on the original Greek he was hailed as the prophet of a new enlightened age Today however Erasmus is largely forgotten and the reason can be summed up in two words Martin Luther As a young friar in remote Wittenberg Luther was initially a great admirer of Erasmus and his critique of the Catholic Church but while Erasmus sought to reform that institution from within Luther wanted a more radical transformation Eventually the differences between them flared into a bitter rivalry with each trying to win over Europe to his vision In *Fatal Discord* Michael Massing seeks to restore Erasmus to his proper place in the Western tradition The conflict between him and Luther he argues forms a fault line in Western thinking the moment when two enduring schools of thought Christian humanism and evangelical Christianity took shape A seasoned journalist who has reported from many countries Massing here travels back to the early sixteenth century to recover a long neglected chapter of Western intellectual life in which the introduction of new ways of reading the Bible set loose social and cultural forces that helped shatter the millennial unity of Christendom and whose echoes can still be heard today in the cultural differences between America and Europe A sprawling narrative around the rift between the two men laying out the sociological political

and economic factors that shaped both them and Europe's responses to them The New York Times
