Dialectics Of Social Life:

The Dialectics of Social Life Robert Francis Murphy,1972 *New Dialectics and Political Economy* R. Albritton,J. Simoulidis,2002-11-29 Many of the leading thinkers on dialectics in the Marxian tradition have collaborated here to put forward and debate challenging new perspectives on the nature and importance of dialectics The issues dealt with range from the philosophical consideration of the precise nature of dialectical reasoning to dialectics and economic theory and to more concrete concerns such as how dialectics can help us think about globalization freedom inflation and subjectivity

Dialectics in World Politics Shannon Brincat,2017-10-02 This volume explores the conceptual methodological and praxeological aspects of dialectical analysis in world politics As dialectics has remained an under theorised analytical tool in international relations this volume provides a critical resource for those seeking to deploy dialectics in their own research by showcasing its effectiveness for understanding and transforming world politics Contributions demonstrate a number of innovative ways in which dialectical thinking can be of benefit to the study of world politics by covering three thematic concerns i conceptual or meta theoretical dimensions of dialectics ii methodological features and general principles of dialectical approaches and iii applications and or case studies that deploy a dialectical approach to world politics Canvassing a diverse range of dialectical approaches on key issues in world politics from global security to postcolonial resistances from the theoretical problems of reification and complexity to the study of the global futures and the intercultural historical expressions of dialectics *Dialectics and World Politics* offers key insights into the social forces and contradictions that are generative of transformation in world politics and yet routinely downplayed in orthodox approaches to international relations Each chapter demonstrates how dialectics can be utilized more broadly in the discipline and deployed in a critical fashion as part of an emancipatory project This book was originally published as a special issue of *Globalizations* [The Routledge Critical Companion to Leadership Studies](#) David Knights,Helena Liu,Owain Smolović-Jones,Suze Wilson,2024-05-24 The *Routledge Critical Companion to Leadership Studies* offers a rich and insightful overview of critical leadership studies for students teachers researchers and practitioners The volume draws together 35 chapters from 56 authors who represent the vibrant diversity of the critical leadership community It includes chapters from emerging and preeminent scholars who share an interest in directing leadership theorizing development and practice toward the aims of liberation justice and equity The Companion is organized into six themes 1 philosophical perspectives on leadership 2 processes practices and power dynamics in leadership 3 diversity and leadership 4 leadership education and development 5 lessons from the dark side of leadership and 6 reimagining leadership and leadership studies The book has been curated to serve as a go to resource for undergraduate and postgraduate students academic staff and researchers seeking to understand the current state of play on a given topic as well as inspiration for how they might contribute to its development Each chapter provides a comprehensive yet succinct review of contemporary literature and offers the reader avenues for future research Leadership practitioners

will also find provocative ideas among these pages to help them interrogate and transform the ways they lead The Cultural Dialectics of Knowledge and Desire Charles William Nuckolls, 1996 Why is culture a problem that can never be solved Charles W Nuckolls poses this question to his readers and offers a genuinely synthetic approach to culture that is both cognitive and psychoanalytic He develops a theory of cultural dialectics based on the concept of paradox in which he shows how ambivalence and conflicts and the desire to resolve them are at the heart of all cultural knowledge systems Nuckolls combines and synthesizes the ideas of Max Weber and Sigmund Freud major influences in the cognitive and psychoanalytic paradigms and develops the concept basic to both the dialectic He recovers the legacy of Gregory Bateson who provided the foundation for a theory of paradox in culture With his integrated theory Nuckolls explains the conflicts of knowledge and desire in a South Asian knowledge system in particular the religious mythology and divinatory system of the Jalaris a Telugu speaking fishing caste on the southeastern coast of India This provocative book allows us to rethink the relationship between the currently competing discourses in psychological and cultural anthropology and at the same time offers a general synthetic theory of cultural dynamics

Architecture of Threshold Spaces Laurence Kimmel, 2021-12-30 This book explores the relationship between architecture and philosophy through a discussion on threshold spaces linking public space with publicly accessible buildings It explores the connection between exterior and interior and how this creates and affects interactions between people and the social dynamics of the city Building on an existing body of literature the book engages with critical philosophy and discusses how it can be applied to architecture In a similar vein to Walter Benjamin's descriptions of the Parisian Arcades in the nineteenth century the book identifies the conditions under which thresholds reveal and impact social life It utilises a wide range of illustrated international case studies from architects in Japan Norway Finland France Portugal Italy the USA Australia Mexico and Brazil Within the examples thresholds become enhancers of social interactions and highlight broader socio political contexts in public and private space *Architecture of Threshold Spaces* is an enlightening contribution to knowledge on contemporary architecture politics and philosophy for students academics and architects
