Dialogue et anecdotes philosophiques Voltaire (Philosoph, Schriftsteller),1966 Living Words Terence J.
Martin,1998 In particular Martin commends the habit of critical thinking an appreciation for irony and an irenic approach to
opposition as helpful stances for improving people s efforts to talk about religion In addressing rhetorical and hermeneutical
issues commonly found in philosophical theology and the philosophy of religion this work s approach through the genre of
dialogue will interest those concerned with the intersection of religion and literature *Man on His Own* Bruce
Mansfield,1992-01-01 In the twentieth century Mansfield concludes more modern ways of studying Erasmus have emerged
notably through seeing him more precisely in his own historical context *Scepticism in the Eighteenth Century:*
Enlightenment, Lumières, Aufklärung Sébastien Charles,Plínio J. Smith,2014-07-08 The Age of Enlightenment has often been
portrayed as a dogmatic period on account of the veritable worship of reason and progress that characterized Eighteenth
Century thinkers Even today the philosophes are considered to have been completely dominated in their thinking by an
optimism that leads to dogmatism and ultimately rationalism However on closer inspection such a conception seems
untenable not only after careful study of the impact of scepticism on numerous intellectual domains in the period but also as
a result of a better understanding of the character of the Enlightenment As Giorgio Tonelli has rightly observed the
Enlightenment was indeed the Age of Reason but one of the main tasks assigned to reason in that age was to set its own
boundaries Thus given the growing number of works devoted to the scepticism of Enlightenment thinkers historians of
philosophy have become increasingly aware of the role played by scepticism in the Eighteenth Century even in those places
once thought to be most given to dogmatism especially Germany Nevertheless the deficiencies of current studies of
Enlightenment scepticism are undeniable In taking up this question in particular the present volume which is entirely
devoted to the scepticism of the Enlightenment in both its historical and geographical dimensions seeks to provide readers
with a reevaluation of the alleged decline of scepticism At the same time it attempts to resituate the Pyrrhonian heritage

within its larger context and to recapture the fundamental issues at stake The aim is to construct an alternative conception of Enlightenment philosophy by means of philosophical modernity itself whose initial stages can be found herein

Studies on Voltaire and the Eighteenth Century Theodore Besterman, 1981 *Le dialogue philosophique dans les contes de Voltaire* Annick Azerhad, 2010 Une étude du dialogue philosophique en tant que procédé dans les contes de Voltaire permettant d'ouvrir une perspective nouvelle de recherche sur son utilisation dans le genre narratif L'esthétique des dialogues rend compte de l'ouverture d'esprit et l'honnêteté intellectuelle des locuteurs parti pris de la brève dialogue prenant forme de parabole d'apologue ou de prophétie

Le dialogue d'idées aux dix-huitième siècle Stéphane Pujol, 2005 Étudie l'histoire du dialogue littéraire et philosophique en France au XVIIIe siècle ses sources dans la tradition antique sa rhétorique la diversité de forme et de ton de ce genre les différentes raisons de son succès l'âge des Lumières sa place dans la littérature d'idées etc
