

A person is sitting on a rocky ledge in the foreground, looking out over a vast, hazy landscape. The landscape features rolling hills and mountains in the distance, with a body of water visible in the middle ground. The overall scene is serene and contemplative, with a soft, hazy atmosphere. The text is overlaid on a dark, semi-transparent band across the upper portion of the image.

Basic Ideas In Religion:

Basic Ideas in Religion Richard Wilde Micou, 1916 *Religious Ideas, Feelings and Their Interrelationship* Theo van der Zee, 2007 Religious education seeks to help students acquire religious ideas by interpreting religious and other stories in accordance with their life world Schools pursue this goal by organising religious learning activities The question is whether the acquisition of religious ideas is possible for young students considering the difficulties such as the complex and not readily understandable religious stories and social developments as de institutionalisation de traditionalisation and pluralisation What are the possibilities for primary schools of teaching their students knowledge about religious ideas What is the influence of feelings on the acquisition What possibilities in the form of learning arrangements can be created for primary school students with their diverse religious backgrounds to acquire religious ideas optimally That is the cardinal problem explored in this study Religion Explained? Luther H. Martin, Donald Wiebe, 2017-09-21 With contributions from founders of the field including Justin Barrett E Thomas Lawson Robert N McCauley Paschal Boyer Armin Geertz and Harvey Whitehouse as well as from younger scholars from successive stages in the field s development this is an important survey of the first twenty five years of the cognitive science of religion Each chapter provides the author s views on the contributions the cognitive science of religion has made to the academic study of religion as well as any shortcomings in the field and challenges for the future Religion Explained The Cognitive Science of Religion after Twenty five Years calls attention to the field whilst providing an accessible and diverse survey of approaches from key voices as well as offering suggestions for further research within the field This book is essential reading for anyone in religious studies anthropology and the scientific study of religion **Marxism and Religion** , 2014-02-27 In Marxism and Religion leading Chinese scholars unfold before our eyes theoretical explorations of religion in present day China In addition they along with senior cadres superintending religious affairs strenuously explain why the Marxist view of religion still has relevance to living religions in a country undergoing deep changes unleashed by the late paramount leader Deng Xiaoping s reform and opening up policies Mistakenly perceived by so many westerners as outdated and dogmatic quasi scholarly work in the service of communist regime s propaganda studies selected here are brainchildren of a group of creative and reform minded scholars and cadres who endeavor to uphold Marxist traditions while innovatively sinicizing them hoping that their efforts will contribute to the ruling party s ideological reconstruction Contributors include Fang Litian Gao Shining Gong Xuezheng He Qimin Jin Ze Li Xiangping L Daji Wang Xiaochao Wang Zuo an Ye Xiaowen Zhu Xiaoming and Zhuo Xinping The Proceedings of the Convention of Religions in India, 1909 , 1910 The Pragmatics of Defining Religion Platvoet, Arie Molendijk, 2018-11-13 This volume promotes a pragmatic anti essentialist and anti hegemonic approach to the problem of the definition of religion It argues that definitions of religion are context bound strategies for pursuing a variety of purposes extra academic as well as academic Religions being immensely varied complex and multi functional phenomena they need to be studied by several

academic disciplines from many different perspectives It is therefore legitimate and useful that many definitions of religions are developed The volume has contributions from scholars in Philosophy of Religion the Comparative Study of Religions Anthropology of Religion Sociology of Religion and Psychology of Religion It has chapters on the polemics of defining religion in modern contexts the history of the concept of religion and the methodology of its definition it includes several definition proposals
