Basic Questions in Theology Wolfhart Pannenberg, 2008 Basic questions in theology : collected essays, v.1 wolfhart Pannenberg, 1970 **Basic questions in theology : collected essays, v.2** wolfhart Pannenberg, 1970 **Anthony C Thiselton and the Grammar of Hermeneutics** Robert Knowles, 2014-07-08 A provisional and preliminary attempt to show how the formative hermeneutical thinking of Anthony C Thiselton once systematized and critiqued can begin to resolve the major problems found in the discipline of hermeneutics today most notably its varying disunities theoretical practical and inter disciplinary This book aims to show that the formative thinking of Anthony C Thiselton provides valuable insights for a programmatic construction towards a unified hermeneutical theory This construction provides powerful keys for unlocking six contemporary problems in hermeneutics disorganization complexity abstraction theoretical disunity on several levels inter disciplinary polarization and irresponsible interpretation Robert Knowles exhaustive analysis engages critically and creatively **Resurrection and Discipleship** Thorwald Lorenzen, 2004-01-30 The authority of the Bible in the Gospel narratives and Paul s impassioned epistles revolve around the factual basis and foundational nature of Christ s resurrection for Christianity The question is how can the resurrection best be understood In *Resurrection and Discipleship* Thorwald Lorenzen provides a balanced and nuanced investigation of this question **Basic Questions in Theology** Wolfhart Pannenberg, 1971 *Hope for the Oppressor* Patrick Oden, 2019-07-26 The liberating work of God calls the oppressed out of oppression and the oppressor out of oppressing The challenge in seeking a thorough liberation of oppressors is to help them understand their need for freedom and how to seek this freedom in their own contexts Patrick Oden provides a holistic biblical historical and theological analysis that diagnoses the underlying motivations and inclinations that lead to oppression Part one addresses the context of oppression in which most participants in oppression do not actively seek to harm others but are caught up in systems that tend toward the diminishment of others Part two examines the biblical and early Christian response to oppression discovering a thread that avoids condemning participation in society generally while also cautioning the people of God about being co opted by society Part three discusses how oppressors can withdraw from oppression through a constructive analysis of four contemporary theologians Wolfhart Pannenberg J rgen Moltmann Sarah Coakley and Jean Vanier each of whom contributes to a widening vision of liberated and liberating life in which the once oppressed and former oppressor can find peace together in community Critical Faith Ronald A. Kuipers, 2021-11-15 Can religious faith be critical and remain recognizable as faith Or is the idea of a critical faith a contradiction in terms In this book an emerging new voice in the philosophy of religion argues in favor of critical faith Playing on a double meaning of the word critical the title of the book suggests that faith is not only a critical crucial component of human life but also a component that can and should develop in a critical intellectually vigilant way Taking John Locke s reflections on the relationship between faith and reason as his point of departure the author weaves his discussion around a wide array of intellectual figures and

conversations In addition to addressing important elements in the work of such historical figures as Aquinas and Locke Kuipers also incorporates themes from recent discussions in the philosophy of science feminist epistemology philosophy of language liberal theology and critical theory The book ends with a discussion of elements in Jurgen Habermas s theory of communicative action and offers a critical assessment of the merit of Habermas s notion of critical rationality as a normative yardstick for the achievement of a critical faith Catalog of Copyright Entries, Third Series Library of Congress, Copyright Office,1974 **The End of the World** Ulrich H. J. Körtner,1995-01-01 In this book Ulrich Kortner addresses the issue of apocalyptic anxiety by offering a theological and philosophical evaluation of the apocalyptic In particular Kortner looks at how theology responding in pastoral sensitivity should deal with apocalyptic fears and anxieties Kortner concludes that real meaning and hope for the world is possible only after the world s inhabitants deal constructively with the stark reality of the world s end Basic Questions in Theology Wolfhart Pannenberg,1970 The Best Books for Academic Libraries: Religion and philosophy ,2002 Library of Congress Catalogs Library of Congress,1976 **Journal of Ecumenical Studies** ,1989 Christian Origins and the Question of God: The New Testament and the people of God Nicholas Thomas Wright,1992 Presents the first volume in a five volume series on the New Testament and the people of God by Anglican theologian N T Wright Focuses on the historical and theological questions around the origins of Christianity as well as the world of Judaism **AB Bookman's Weekly** ,1994 Religious & Theological Resources ,1971 **The Seeing Eye** Walter L. Brennenman,Stanley O. Yarian,Alan M. Olson,1982 Establishing a link between phenomenology and hermeneutics as seen by philosophers notably Heidegger and Husserl and as applied by students of religion notably Eliade and van der Leeuw is the pioneering aim of this book No existing book ties together the cross disciplinary strands in a way that is useful for religious studies A phenomenological and therefore hermeneutical approach to religion prides itself on being aware of its own presuppositions and those of others that are brought to bear on data to be interpreted Thus it seeks to gain an access to the religious worlds of other peoples in as pure a form as possible Phenomenological hermeneutics differs from the traditional comparative study of religion in an important way the new method attempts an empathic understanding of religious experiences before making any comparisons or drawing any inferences Part I shows how the phenomenological approach must arise from a crisis of doubt within the prevailing tradition It goes on to compare this approach to the mystics understanding of the scope and limitations of rational consciousness contrasting it with the nominalists dichotomy between faith and reason Part II starts with Eliade s creative hermeneutics which holds that an object or an act becomes real only insofar as it imitates or repeats an archetype particularly the archetype of the sacred It goes on to develop Cassirer s point that myth is a particular way of seeing Part III starts by showing how art like religion is an imitation of an archetype It goes on to apply hermeneutical phenomenology to the interpretation of ritual Ritual gesture Chapter 6 argues thematizes the world establishing a mystical symbolic relationship between body and world the seen and the unseen Part III continues with a

critique of the writings of Carlos Castaneda arguing that these contain the symbolic elements of both archaic shamanism and classical mysticism The final chapter treats the three tiered cosmos that is universal in folklore the tier of family home land artifacts the tier of clan tribe nation and the tier of weather seasons natural forces Each tier has its loric power and these powers are united by shamans and mystics in one sacred kingdom of power **Academic American Encyclopedia** ,1989
