Essentials of Religious Education This text book is the outgrowth of the lectures given to my students at the Temple
University during the last several years A large number of the students and others outside of the University interested in
religious education have frequently requested me to prepare a book on the subject To meet this request the book has been
written The volume has been prepared for students in universities colleges and theological seminaries who are interested in
the religious pedagogical courses and is primarily a text book since it was desired to place in the hands of students a book
dealing particularly with the subject of religious education It is believed that the book will meet this need and requirement I
have not been unmindful of the large army of faithful and active Bible School teachers who are anxious by careful reading
and study to better prepare themselves for their noble work and I hope this work will prove helpful to them also To the many
