The New Moon with the Old Moon in Her Arms Ursule Molinaro, 1993 In a yearly ritual the citizens of ancient Athens chased a couple in wedding regalia through the streets under a hail of stones to shouts of Out with sickness and famine In with health and wealth The broken bodies were left to decompose outside the city gates Normally the victims would come from among society's downtrodden or outcasts and exchange their lives for a year of luxury at the city's expense But in defiance of tradition and as an expression of protest a poet from an aristocratic family volunteers her flawless 30 year old body This is her story Publishers Weekly PW Molinaro's clever feminist novella is actually more like an extended perhaps even a little attenuated anecdote set in ancient Athens The female narrator is a nameless 30 year old poet who has volunteered to be sacrificed by stoning on the feast day of Thargelia in order to expiate the sins and cure the illnesses of the city's inhabitants Since the sacrificial bride is highly visible for a year before her death our heroine sees the self sacrifice as striking a blow for women's rights in an increasingly patriarchal Athens However her plans for death are upset when she becomes involved with a young girl and her sponge diver father Molinaro alternates passages from the poet's diary with lengthy disquisitions on Greek culture from moon worship to medicine revealing repeatedly how the female aspects of that culture have dropped from our view These veritable footnotes lend the diary a historical context that in turn gives considerable resonance to the book's surprisingly downbeat ending Molinaro shifts from a wry bemused tone to one of melancholy suggesting the irreconcilable nature of the male female conflict that is at the center of the story and of the history that Molinaro recounts

A Full Moon of Women Ursule Molinaro, 1990 Subtitled 29 word portraits of notable women from different times and places 1 void of course this book is a powerful unsettling vision in the tradition of Anais Nin and Djuna Barnes of those heroines whose rebellious daring shaped the meaning of the feminine experience In these miniature biographies of Charlotte Corday Joan of Arc Lucy Goodale Thurston Clara Schumann Simone Weil Alice Neel Zenobia Mu Lan Hwa Adele Hugo among many others and naturally including Snow White Molinaro's prose impacts with consistent force resurrecting these forgotten or disparaged women in all their talent and suffering

Right Royal Bastards Peter de Vere Beauclerk-Dewar, Roger S. Powell, 2006 Since 1066 when William the Conqueror alias William the Bastard took the throne English and Scottish kings have sired at least 150 children out of wedlock Many were acknowledged at court and founded dynasties of their own several of today's dukedoms are descended from them Others were only acknowledged grudgingly or not at all In the 20th century this trend for Royals to father illegitimate children continued but the parentage while highly probable has not been officially recognised This book is a new genuinely fresh approach to British Kings and

Queens examining their lives and times through the unfamiliar perspective of their illegitimate children Interviewees include many of their descendants But beyond personal narratives it also sheds light on the perennially fascinating topic of sexual habits the links between politics power and patronage the class system scandal and celebrity and the different expectations we have of men and women **Information America** Tracy Davis, Patricia A.
