Bata Shoemaker To The World:

Bata Thomas John Bata, Sonja Sinclair, 1990 **Entrepreneur Extraordinary** Anthony Cekota, 1968-01-01 This book is a story of a great adventure arising from a business where adventures could be least expected Although it s hero the late Tomas Bata kept his eyes focused sharply on the ground in the shoe business he has to his mind was soaring high in dreams of a mission to make all mankind well shod How he did it and what his motives and accomplishments were is presented in this biography of the man and his time with considerable detail and first hand knowledge We see a man who having run away from home at the age of fourteen to start his own business was continuously impatient with both time and environment visualizing the opportunities which although at hand were never noticed by his competitors during his life He was man who could visualize such opportunities even in the most difficult situations as indicated from his attitude toward the Great Depression of 1929 Half of mankind is barefoot and only a fraction of the world s population is well shod he said at the time of world wide unemployment Look how little we ve done so far and how much work is waiting for all shoemakers every where in the world And when the difficulties continued he growled into their faces in 1930 I would rather work for nothing than do nothing Only when you work can you keep hoping to find a way Shoemaker salesman and organizer of many industries Tomas Bata was a man among men changing the simple folk in and around his birthplace into modern industrial workers and managers of business and salesmen resembling a now almost extinct type of man who in their pursuance of their business have discovered in former centuries new territories and lifted up the standard of life and living everywhere Necessity made him a politician to obtain the right to rebuild a whole city a teacher pioneering new methods of education a builder who combined building of factories and houses with a businessman type of social service However he was first and always an entrepreneur extraordinary As such he attacked every problem with gusto of a prize fighter and the zeal of a missionary transferring an ideal into ideas and these again into plans and actions Ideal What ideal and ideas Some of them can be discerned from the pages of this book others in the fierce loyalty and performance o f the men whom he brought up to spread his message of entrepreneurship to the four corners of the world In some ways and perhaps indirectly a reader could take this book as a challenge If its hero succeeded in turning a simple business into a real adventure of service and a powerful way of life why not you Today s world needs men of Tomas Bata s caliber as much as his world needed them several decades ago and perhaps nowadays even more It is this type of man who provides the answers to the crucial questions of our time i e whether our society enjoying the good things of life will survive as a home of free men This in the author s concept is a final message arising from the biography of this extraordinary man Tomas Bata He only earns his freedom and existence who daily conquers them anew **In the Kingdom of Shoes** Zachary Austin Doleshal, 2021-10-01 One of the world s largest sellers of footwear the Bata Company of Zl n Moravia has a remarkable history that touches on crucial aspects of what made the world modern In the twilight of the Habsburg Empire the company Americanized its production model while also trying to

Americanize its workforce It promised a technocratic form of governance in the chaos of postwar Czechoslovakia and during the Roaring Twenties it became synonymous with rationalization across Europe and thus a flashpoint for a continent wide debate While other companies contracted in response to the Great Depression Bata did the opposite becoming the first shoe company to unlock the potential of globalization As Bata expanded worldwide it became an example of corporate national indifference where company personnel were trained to be able to slip into and out of national identifications with ease Such indifference however was seriously challenged by the geopolitical crisis of the 1930s and by the cusp of the Second World War Bata management had turned nationalist even fascist In the Kingdom of Shoes unravels the way the Bata project swept away tradition and enmeshed the lives of thousands of people around the world in the industrial production of shoes Using a rich array of archival materials from two continents the book answers how Bata s rise to the world s largest producer of shoes challenged the nation state democracy and Americanization I Know That Name! Randy Ray,Mark Kearney,2002-09-01 Every day Canadians buy groceries at Sobey s develop film at Black s or grab a coffee at Tim Horton s without giving it a second thought These brands are in our lives and in the public eye We re familiar with the names but what do we really know about the people who lie behind them I Know That Name will answer these questions for you It s full of fun facts intriguing trivia and engrossing explorations of more than one hundred Canadian men and women who beat the odds to become household names including Timothy Eaton Laura Secord and J L Kraft Feet and Footwear Margo DeMello,2009-09-10 Take a walk in someone else s shoes in this fascinating examination of shoes and feet around the world This one of a kind A Z reference work contains over 150 fascinating entries and intriguing sidebars that look at feet and adornment of feet across the many cultures of the world throughout time A wide range of international and multicultural topics are covered including foot binding fetishes diseases of the foot customs and beliefs related to the foot shoe construction myths and folktales featuring feet or shoes the history of footwear iconic brands and types of shoes important celebrities associated with shoes and the types of footwear worn around the world This exhaustive compilation is ideal for students and general readers interested in the human body fashion and medicine and even scholars looking for more in depth coverage on the social and cultural uses of the body will find it as a useful starting point in their research Cross references suggestions for further reading and a full bibliography of print and electronic resources are valuable tools for all readers Students can use this reference work to draw cross cultural comparisons as well as study the evolution of footwear in terms of social religious and ethnic parameters Aside from iconic American brands and types of shoes this volume will also look at how feet are treated and viewed around the globe removing shoes upon entering a house washing feet for religious purposes giving feet the spa treatment and covering feet up for social customs Perfect for undergraduate and high school students studying anthropology and world culture Third World International ,1984 **Corporate Governance** Ulrich Steger,Wolfgang Amann,2008-08-04 This book present the value school of corporate governance outlining a multitude of

areas where corporate governance could add real worth and showing how this can be put into effect. No one size fits all model emerges as a solution. Rather the insights in this book take idiosyncrasies and dynamic over time into consideration. They consider the main issues and their real causes, ownership settings, country settings and new developments in corporate governance research and practice. International focus places emphasis on typical patterns, predicament and solutions instead of national laws. Points are illustrated with in depth case studies and highlighted learning nuggets. Alerts the reader to typical dilemmas and traps in attaining the goal of value creation whilst also pointing to promising avenues forward.

Canadian Book Review Annual, 1990 The Armless Queen F. S. Aijazuddin, 1994 Collection of essays on political, social, economic and biographical topics previously published in reputable Pakistani newspapers **The World's Work**, 1916 **World's Greatest Brands** Interbrand, 1992-02-17 The importance of brand name identification is not taken lightly especially by their owners. It can make or break an organization. By focusing on over 300 of the world's leading trademarks Interbrand provides an overview of the brand arena. Industries covered range from automobiles to financial services. Describes what makes each brand powerful and how each is differentiated from its competitors on a brand by brand basis. Also explores branding trends in different industries and countries *Canadian Periodical Index*, 2000 *World News*, 1926 G-Forces Frank Feather, 1989 A comprehensive investigation into the world's changing social, technological, economic and political spheres. This book examines the opportunities and dangers we will encounter in the coming decades. Outlines the impact and outcome of thirty five globally important trends, G-Forces that are redefining our lives Leather and Shoes, 1957 **The Shoe Workers' Journal**, 1930 **Proceedings of the ACSA Annual Meeting** Association of Collegiate Schools of Architecture, 1998 *Canadiana*, 1991 The Rubber Age, 1961 **International Business** Betty Jane Punnett, David A. Ricks, 1997 Before tackling the minutiae of international business the authors look at global issues, the environment and end with firm specific information. The book shows what is good practice and what constitutes a good international business manager.
