

Battle For Coal

Raffaella Di Napoli

Battle For Coal:

The Battle for Coal Darryl Holter, 1992 As World War II came to a close economic recovery in France hinged on coal With nearly 90 percent of French energy dependent on coal and imported coal unavailable France traditionally the world's largest importer was forced to rely on its own troubled coal mining industry The Battle for Coal is the first full study to address the history and politics of coal production in post World War II France Holter examines the French coal mining industry's role in postwar reconstruction and the state's intervention into the industry in an effort to promote economic expansion He traces the complex battle for coal that took place as government officials labor leaders management personnel and mine workers struggled to increase production while transforming a private industry into a state owned one After surveying French coal mining to 1939 Holter analyzes the impact of nationalization on production the effects of the cold war on coal politics and the coal strikes that rocked France in 1947 and 1948 Holter locates French industrial policy in the context of nationalization national and local politics and more broadly the emerging cold war economy of postwar Europe showing how the battle for coal related to the movement toward European economic integration He focuses primarily on the role of labor in the process of nationalization His insights into labor relations and the successes and limitations of a union led production campaign provide a new understanding of the paradoxical nature of state owned industries

Coal Wars Source Wikipedia, 2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online Pages 33 Chapters 1920 Alabama coal strike Battle of Blair Mountain Battle of Evarts Battle of Virden Bituminous Coal Miners Strike of 1894 Coal Creek War Coal Strike of 1902 Colorado Coalfield War 1913 1914 Columbine Mine massacre Harlan County War Hartford Coal Mine Riot Herrin massacre Illinois Coal Wars Lattimer massacre Ludlow Massacre Paint Creek Cabin Creek strike of 1912 Pana Massacre Westmoreland County coal strike of 1910 1911 West Virginia Coal Wars Excerpt The Ludlow Massacre was an attack by the Colorado National Guard and Colorado Fuel sources vary but all sources include two women and eleven children asphyxiated and burned to death under a single tent The deaths occurred after a daylong fight between militia and camp guards against striking workers Ludlow was the deadliest single incident in the southern Colorado Coal Strike lasting from September 1913 through December 1914 The strike was organized by the United Mine Workers of America UMWA against coal mining companies in Colorado The three largest companies involved were the Rockefeller family owned Colorado Fuel Iron Company CF I the Rocky Mountain Fuel Company RMF and the Victor American Fuel Company VAF In retaliation for Ludlow the miners armed themselves and attacked dozens of mines over the next ten days destroying property and engaging in several skirmishes with the Colorado National Guard along a 40 mile front from Trinidad to Walsenburg The entire strike would cost between 69 and 199 lives Thomas Franklin Andrews described it as the deadliest strike in the history of the United States The Ludlow Massacre

The Devil Is Here in These Hills James Green, 2015-02-03 The most comprehensive and comprehensible history of the West Virginia Coal War I've ever read John

Sayles writer and director of *Matewan* On September 1 1912 the largest most protracted and deadliest working class uprising in American history was waged in West Virginia On one side were powerful corporations whose millions bought armed guards and political influence On the other side were fifty thousand mine workers the nation s largest labor union and the legendary miners angel Mother Jones The fight for unionization and civil rights sparked a political crisis that verged on civil war stretching from the creeks and hollows of the Appalachians to the US Senate Attempts to unionize were met with stiff resistance Fundamental rights were bent then broken The violence evolved from bloody skirmishes to open armed conflict as an army of more than fifty thousand miners finally marched to an explosive showdown Extensively researched and vividly told this definitive book about an often overlooked chapter of American history gives this backwoods struggle between capital and labor the due it deserves Green tells a dark often despairing story from a century ago that rings true today Pittsburgh Post Gazette

The Battle of the Giants During the 1943 Coal Strike Margaret Loretto Werling,1962

The Road to Blair Mountain Charles Belmont Keeney,2021 In 1921 Blair Mountain in southern West Virginia was the site of the country s bloodiest armed insurrection since the Civil War a battle pitting miners led by Frank Keeney against agents of the coal barons intent on quashing organized labor It was the largest labor uprising in US history Ninety years later the site became embroiled in a second struggle as activists came together to fight the coal industry state government and the military industrial complex in a successful effort to save the battlefield sometimes dubbed labor s Gettysburg from destruction by mountaintop removal mining A success story for historic preservation and environmentalism it serves as an example of how rural grassroots organizations can defeat the fossil fuel industry

The Great Coalfield War George Stanley McGovern,Leonard F. Guttridge,1972 This is an account of a major conflict between American labor and industry between 1913 and 1914 Unrest began in the coal bearing foothills of the Rocky Mountains where intolerable work conditions caused labor insurgence which was met with capitalist resistance It culminated when the Colorado National Guard and the Colorado Fuel Iron Company camp guards attacked a tent colony of 1200 striking miners and their families More than two dozen people were killed in what became known as the Ludlow Massacre In all the entire strike would lead to between 100 and 200 deaths and was a watershed moment in American labor relations

Killing for Coal Thomas G. Andrews,2010-09-01 This

book offers a bold and original perspective on the 1914 Ludlow Massacre and the Great Coalfield War In a story of transformation Andrews illuminates the causes and consequences of the militancy that erupted in colliers strikes over the course of nearly half a century

The Coal Miner's War Randall R. Reese,2021-05-18 Louis Tikas flees to Ludlow Colorado to heal after his wife and child were murdered by strikebreakers in the Pennsylvania Coal Strike of 1910 As anger ignites toward the Colorado coal field corporations and the coal miners threaten to strike Louis is determined to stay out of the inevitable battle between the workers and the company thugs sent in to wreak havoc on the strikers and their families until the beautiful and strong willed Mary Dunn and her 10 year old son Carson arrive and are caught in the crossfire

When

Miners March William C. Blizzard,2010-07-09 In the first half of the 20th century strikes and Union battles murders and frame ups were common in every industrial center in the U S But none of these episodes compared in scope to the West Virginia Mine Wars The uprisings of coal miners that defined the Mine Wars of the 1920 s were a direct result of the Draconian rule of the coal companies The climax was the Battle of Blair Mountain the largest open and armed rebellion in U S history The Battle and Union leader Bill Blizzard s quest for justice was only quelled when the U S Army brought guns poison gas and aerial bombers to stop the 10 000 bandanna clad miners who formed the spontaneous Red Neck Army Over half a century ago William C Blizzard wrote the definitive insider s history of the Mine Wars and the resulting trial for treason of his father the fearless leader of the Red Neck Army Events dramatized in John Sayles film Matewan and fictionalized in Denise Giardina s stirring novel Storming Heaven are here recounted as they occurred This is a people s history complete with previously unpublished family photos and documents If it brawls a little and brags a little and is angry more than a little well the people in this book were that way *Coal Mines, 1910* B. H. Rose,1910 Annual Report of the Department of Labor of the State of Michigan Michigan. Dept. of Labor,1914 **Annual Report of Mineral Resources** ,1907 *Annual Report* Michigan. Dept. of Labor,1919 **Report** Michigan. Dept. of Labor,1920 **Annual Report** Geological Survey of Canada,1887 *The battle of coal ,19??* Labor, Loyalty, and Rebellion Carl R. Weinberg,2005-04-28 On April 5 1918 as American troops fought German forces on the Western Front German American coal miner Robert Prager was hanged from a tree outside Collinsville Illinois having been accused of disloyal utterances about the United States and chased out of town by a mob In Labor Loyalty and Rebellion Southwestern Illinois Coal Miners and World War I Carl R Weinberg offers a new perspective on the Prager lynching and confronts the widely accepted belief among labor historians that workers benefited from demonstrating loyalty to the nation The first published study of wartime strikes in southwestern Illinois is a powerful look at a group of people whose labor was essential to the war economy but whose instincts for class solidarity spawned a rebellion against mine owners both during and after the war At the same time their patriotism wreaked violent working class disunity that crested in the brutal murder of an immigrant worker Weinberg argues that the heightened patriotism of the Prager lynching masked deep class tensions within the mining communities of southwestern Illinois that exploded after the Great War ended Annual Report of the Department of Labor of the State of Michigan Michigan. Bureau of Labor and Industrial Statistics,Michigan. Dept. of Labor (1947-),1915 Reports for 1897 1908 include the Report of inspection of factories 5th 16th The Coal Catalog ,1920 Bulletin ,1924
