## **Basic Tenets Of Islam:**

**What is islam ?** Adnan Şensoy,2016-11-21 What are the basic beliefs of Iman Faith The Basic Beliefs of Iman are to believe in 1 Allah 2 Angles of Allah 3 Books of Allah 4 Messengers of Allah 5 The day of Judgement 6 Life after death and supremacy of Divine Will Al Qadar **Practical Islam, the Religion of Peace and Its Basic Tenets** Sinne Lebbe Mohamed,1967 [A Muslim Primer](#) Ira G. Zepp,2000-07-01 A Muslim Primer covers the basic beliefs of Islam and provides an informative source for both lay and professional readers First published in 1992 it has proven to be a valuable handbook for all attempting to better understand the tenets of the religion of a major portion of the world s population The reader is introduced to the authority of the Quran the prophethood of Muhammad the Wisdom of the Law the Five Pillars of Islam and to other fundamental principles of the religion Distinctions are made between Sunni and Shiite traditions and the Sufi mystical dimension of Islam Well organized visually appealing and accurate A Muslim Primer is useful to pre collegiate and collegiate students of Islam church and community study groups and travelers both tourists and business people *In the Beginning: Hijacking of the Religion of God* Sami M. El-Soudani,2009-06-09 Preface It was shortly after I had graduated from the University of Cambridge in 1980 with a PhD Degree specializing in fracture mechanics and failure analysis of materials and structures that I discovered the dire need for this book This undertaking began to take shape in the early 1980s with the Middle East aflame devastated by what some viewed as a holy war and with millennialists prophesying the end of days by the year 2000 C E After publishing and co authoring 87 scientific and industrial reports and technical papers many of which were in national and international magazines on the subject of failure analysis of metals and fracture mechanics of aircraft structures I came to realize that consequences of failures of the human spirit are far more devastating than failures of metals and aircraft structures But now at the outset of the 21st century the world is still experiencing turmoil and devastation by wars spreading like wildfire with Jews Christians and Moslems at each other s throats in seemingly never ending battles and ugly strife Some call it war on terror others speak of wars of clashing cultures crusades jihad etc etc etc One cant help but wonder how this saga of 99% misery and 1% heroism will ever come to an end Only the gullible would attempt to explain the ongoing world conflict among People of the Book Jews Christians and Moslems based on the course of events during the past few years or even the past few decades This is where this book comes in with a rigorous rationalized and hopefully convincing critical assessment of a never before explored most innate aspect of the human nature and that is its obsession with hijacking of the religion of God For better understanding of the root cause of the ongoing conflict among People of the Book who are supposed to be worshipping the same God we need to take a step back take a deep breath and reflect rationally while ignoring all rhetoric and emotional bias in researching the past three thousand years of religious history And this is exactly what I did in writing this three volume book More specifically this book is addressing the religion of God to whom every human being from among the so called People of the Book today turns in prayer Whether soldiers or civilians

when they are caught in the midst of the ongoing grisly and devastating wars some would pray to Yahweh others call upon Jesus Christ while Moslem brethren whisper the name of Allah upon taking their last breath Who is that God And why is He so shrouded with mystery Is He truly One and the Same God for all these people Or are we suffering from some self delusions and possibly hallucinations that may be the senseless products of our ancient religious fabrications and mythmaking Going back in time three thousand years brings us to one very special night when God was said to have come down in person onto Mount Sinai to have a close encounter with human beings through direct speech This three volume book examines the course of religious events from that magic and apocalyptic moment onwards till this day It took me twenty years of research to show that men who practiced hijacking long before they had wings have been quite active over the past three thousand years engaging in the lucrative business of hijacking the religion of God All three religious persuasions Judaism Christianity and Islam suffered the dire consequences of miserably failing to heed the words of our Merciful and Patient God No irony intended here in calling it a business and indeed a lucrative one because it brings the hijackers power enormous wealth and often glory all of which in the sight of God translate respectively into arrogance greed and most certainly infamy In developing the extensive critical review of religion presented herein detailing the respective histories of the selected three
