Break Of Dark:

Break Of Dark Robert Westall,2011-08-31 Is there a barrier that divides the dark unknown from the everyday world around us If so is it broken sometimes by the dead returning by the undead or by alien creatures What else could account for the chance meeting or was it between a young student and hitch hiker who turns out to be so much stranger than she seems Why else should three successive crews flying a Second World War bomber Blackham s Wimpey be driven to madness despair even to death though the plane returns from each mission without a scratch Who are Fred Alice and Aunt Lou the figments of Peter s imagination that become a real life nightmare for Roger and Bidy There is St Austin Friars too a church without a congregation until a burial service oddly arranged a month ahead is attended by a sinister assortment of the living and the dead And Sergeant Nice an ordinary policeman in an ordinary seaside town faced with a series of quite extraordinary thefts the work surely of no human hand Chilling but often humorous as well these stories creep up on you and take you by surprise *Journal of Research of the National Bureau of Standards* United States.
