Breaking Point Kristen Simmons,2013-02-12 The second installment in Simmons fast paced gripping dystopian series that begins in Article 5

Breaking Point Jess Bowen,2010-11-23 Phoebe Johnson and Ethan Smith had everything they needed loving parents great friends and admission letters to Ivy League schools they'd be heading to in the fall If only they knew that they were never going to reach the end of that summer at least not in the world they knew A secret waits to be revealed on the eve of their nineteenth birthday a secret that is going to change their lives forever when it leads them to a place they never believed existed love they could never imagine living without and power they never suspected they possessed Jess Bowen expertly plunges readers into an imaginative supernatural world that refuses to bow down to the darkness that's all but taken over Amidst this adventurous quest for a lost prophecy Bowen weaves in powerful tales of love that will leave the characters and readers breathless

Breaking Point Dana Haynes,2011-11-08 Haynes is a gifted writer who grabs you on page one and doesn't let you go until the final page Nelson DeMille Three NTSB experts people brought in to help investigate whenever a plane goes down find themselves victims and witnesses rather than investigators when the plane they are on crashes En route to a conference three NTSB experts known to insiders as Crashers Tommy Tomzak a pathologist from Texas Kiki Duvall a sound engineer and former naval officer and Isaiah Grey investigator and former FBI agent are aboard a twin turbo prop plane when just outside of Helena Montana the plane crashes into a thickly forested mountainside But the crash isn't an accident it was brought down on purpose and the Crashers weren't the target The plane was brought down by mercenaries led by an enigmatic shadowy self described patriot known only as Calendar using weapons technology banned by international treaty The targets three men who planned to blow the whistle on the weapons technology and the power brokers behind its development In a twisty compelling thriller that goes from the streets of Spain to the mountains of the western United States to the heart of the dark hidden corridors of power where there are dangerous secrets that few suspect and fewer know the Crashers are literally dropped in the middle of a case that neither starts nor ends with a plane crash with some of their own on board A new team of Crashers fights time as a fire rages ever closer to the wreckage conflicting and confusing evidence and unpredictable outside forces trying to prevent them from uncovering the truth With allies unseen and even unknown working behind the scenes to help them the team is trapped in the midst of a high stakes game of cat and mouse with the deadliest of consequences a game that not all of them will survive
