Bret Harte A Reference Guide:

Bret Harte, a Reference Guide Linda Diz Barnett,1980 **The Undergraduate's Companion to American Writers and Their Web Sites** Larry G. Hinman,2000-12-15 An outstanding research guide for undergraduate students of American literature this best selling book is essential when it comes to researching American authors Bracken and Hinman identify and describe the best and most current sources both in print and online for nearly 300 American writers whose works are included in the most frequently used literary anthologies Students will know exactly what information is available and where to find it **Encyclopedia of American Humorists** Steven H. Gale,2016-04-14 First published in 1988 this book contains entries on famous American Humorists Humor has been present in American literature from the beginning and has developed characteristics that reflect the American character both regional and national Although American literature was in the past treated as inferior to British literature there has always been a large popular audience for the genre which this book shows The figures with entries in this encyclopedia not only amuse in their writing but also aim to enlighten setting out to expose the foibles and foolishness of society and the individuals who compose it It is the manner in which these authors try to accomplish this end that determines whether they appear in the volume Indeed the book will demonstrate that the best humor has at its base a ready understanding of human nature **Claims and Speculations** Janet Floyd,2012-09-15 Mines have always been hard and dangerous places They have also been as dependent upon imaginative writing as upon the extraction of precious materials This study of a broad range of responses to gold and silver mining in the late nineteenth century sets the literary writings of figures such as Mark Twain Mary Hallock Foote Bret Harte and Jack London within the context of writing and representation produced by people involved in the industry miners and journalists as well as writers of folklore and song Floyd begins by considering some of the grand narratives the industry has generated She goes on to discuss particular places and the distinctive work they generated the short fictions of the California Gold Rush the Sagebrush journalism of Nevada s Comstock Lode Leadville romance and the popular culture of the Klondike With excursions to Canada South Africa and Australia Floyd looks at how the experience of a destructive and chaotic industry produced a global literature **Reference Works in British and American Literature** James K. Bracken,1991 **Claims of Identity** Alan Lewis Silva,2020-01-12 Claims of Identity is a book of essays discussing relationships between archetypes and identities Drawing on history timeless tropes and comparative literature this book explores the activities of identification in a variety of ways adding significance to representations of outsiders and the marginalized in order to appreciate authors and cultures with a view toward philosophy A thematic treatise included in this volume Claims of Identity in Bret Harte s Gabriel Conroy argues that identity is claimed rather than inherently bestowed and that this is contributive to California identity The treatise also discusses Bret Harte the original California author Gabriel Conroy Bret Harte s only long novel published in 1875 tells a fiction of who owns California symbolized as a silver mine in the Sierras Various imposters are implicated The result is a

sweeping adventure that typifies Californian identity to this day and compliments the understanding of additional topics

San Francisco in Fiction David M. Fine, Paul Skenazy, 1995 In the beginning there was the bay the land the forty three hills the coastline down to Monterey the strip of mountains the quiet valley behind the vast ocean the hidden faults And with the landscape came the stories as Paul Skenazy and David Fine note in their introduction to this new anthology of essays San Francisco is as much a place in the mind as on the map if the terrain set the stage for the stories the stories have helped remake our perceptions of the space These twelve essays explore the relationship between place and prose between San Francisco the city and San Francisco the territory of fiction From the Gold Rush times of Mark Twain and Bret Harte through the Prohibition Era of Dashiell Hammett to the Beat days of Jack Kerouac and the present works of writers like Maxine Hong Kingston Amy Tan and Arturo Islas San Francisco has been blessed with great writers who have given life to the land in their fiction These essays engage the history and geography ethnic gender and class conflicts and stylistic range of the fiction They demonstrate how authors as various as Jack London Gertrude Atherton Frank Norris William Saroyan James D Houston Joan Didion and Wallace Stegner have re created and revised our understanding of this region American Reference Books

Annual Bohdan S. Wynar, 1984 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering **A Bibliographical Guide to the Study of Western American**

Literature Richard W. Etulain, Nancy Jill Howard, 1995 The revised and updated edition of this standard reference work in the field of Western American Literature now contains over 6 000 bibliographic references The topical listings have been expanded to encompass feminist and environmental studies Rather than attempting to be exhaustive the editors have chosen the major interpretive works making the volume useful to both specialists working outside their area and nonspecialists seeking an overview Broad in its scope the guide also focuses on a number of special topics local color and regionalism popular western literature western film Indian literature and Indians in western literature the environment women and families the Beats and Canadian western literature Logically and helpfully organized the volume will be invaluable to scholars researchers students and general readers **Realism, Naturalism, and Local Color, 1865-1917** Matthew

Joseph Bruccoli, Richard Layman, 1988 Concise Dictionary of American Literary Biography covers only the American authors most frequently studied in high school and college literature courses It extracts and fully updates essays in their entirety from the much larger Dictionary of Literary Biography series The 6 vol set begins each entry with a helpful chart that instantly shows the important places influences and relationships literary movements major themes cultural and artistic influences and social and economic influences that most affected the featured author s work The set is organized chronologically Each volume is devoted to a single historical period covering 30 40 representative writers from all genres They include Colonization to the American Renaissance 1640 1865 Realism Naturalism and Local Color 1865 1917 The Twenties 1917 1929 The Age of Maturity 1929 1941 The New Consciousness 1941 1968 Broadening Views 1968 1988 The

Supplement to the 6 vol set Modern American Writers provides additional information on 20th century authors featured in the original volumes *Catalogue of Copyright Entries* Library of Congress. Copyright Office,1928 *Library Journal* ,1917
