**Injustice** Carol Leonnig,Aaron C. Davis,2025-11-04 An Instant New York Times Bestseller An amazing piece of work This is not just a series of newly reported anecdotes and pieces of information It is a remarkable thesis about how Trump effectively broke the Justice Department in his first term by bullying it Rachel Maddow The Rachel Maddow Show From Pulitzer Prize winning Washington Post reporters Carol Leonnig and Aaron C Davis a shocking investigation of unparalleled depth into the subversion of the Justice Department over the last decade culminating in President Donald Trump upending

this cornerstone of democracy and threatening America's rule of law as we have long known it. Throughout his first administration, Trump did more than any other president to politicize the nation's top law enforcement agency, pressuring appointees to shield him, to target his enemies, and even to help him cling to power after his 2020 election defeat. The department, pressed into a defensive crouch, has never fully recovered. Injustice exposes not only the Trump administration's efforts to undermine the department at every turn, but also how delays in investigating Trump's effort to overturn the will of voters under Attorney General Merrick Garland helped prevent the country from holding Trump accountable and enabled his return to power. With never-before-told accounts, Carol Leonnig and Aaron C. Davis take readers inside as prosecutors convulsed over Trump's disdain for the rule of law and FBI agents, the department's storied investigators at times retreated in fear. They take you to the rooms where Special Counsel Jack Smith's team set off on an all-but-impossible race to investigate Trump for absconding with classified documents and waging an assault on democracy, and inside his prosecution's heroic and fateful choices that ultimately backfired. With a plethora of sources deeply embedded in the ranks of three presidencies, Leonnig and Davis reveal the daily war secretly waged for the soul of the department, how it has been shredded by propaganda and partisanship, and how if the United States hopes to live on with its same form of government, Trump's war with the Justice Department will mark a turning point from which it will be hard to recover. Injustice is the jaw-dropping account of partisans and enablers undoing democracy, heroes still battling to preserve a nation governed by laws, and a call to action for those who believe in liberty and justice for all.

Arnold Rich, 1898 *Cultures of Cannabis Control* David Brewster, 2022-11-24 From the local to the global, the governance of illegal drug use is becoming increasingly fragmented. In some contexts, prohibitive regimes are being transformed or replaced, while in others, there are renewed commitments to criminalized control. But what gives rise to convergence and divergence in processes of policy making, both across different countries as well as within them? Based upon empirical, qualitative research with elite insiders, David Brewster explores a

diverse range of cannabis policy approaches across the globe His original analysis reveals the factors which facilitate or hinder punitive or liberalising tendencies in cannabis policy processes concluding with future directions for policy making and comparative criminology
