Using Internet Primary Sources to Teach Critical Thinking Skills in World Literature Roxanne M.

Kent-Drury,2005-03-30 Presenting web sites from around the world covering much of the world s literature this book provides creative and interesting thinking activities to enhance student understanding of literature and culture and to promote critical thinking This book will be very useful to teachers of world history and literature at the senior high school and undergraduate level Part of a well reviewed series of titles Using Internet Primary Sources to Promote Critical Thinking carries on the tradition of excellence in instructional tools Grades 9 12 You Will Be Made to Care Erick Erickson,Bill Blankschaen,2016-02-22 Religious liberty is under attack in America Your freedom to believe may not last much longer To all those who say they don t care about the culture war Erick Erickson has only one response The Left will not let you stay on the sidelines You will be made to care Now the former Editor in Chief of RedState com joins with Christian author Bill Blankschaen to expose the war in America on Christians and all people of faith who refuse to bow to the worst kind of religion secularism one intent on systematically imposing its agenda and frightening doubters into silence The book features first hand accounts from Christians who ve been punished for their beliefs and the perspectives of concerned thought leaders to make the case that Americans of faith can t afford to ignore what s happening not anymore You Will Be Made to Care offers hope for preserving freedom of conscience with practical steps that believers families pastors church leaders and citizens can take to resist tyranny and experience a resurgence of faith in America *The Perfect Fool* J. Stephen Lang,2006 Brian Ericson s life seems perfect in every way As he sets out for a weekend in the mountains he takes what he believes is a shortcut and things suddenly go wrong Receiving help from a host of surprising characters Brian must grapple with the foolish choices of his life **Patrick O'Brian** Dean King,2012-03-20 DIVA revealing and insightful look at one of the modern world s most acclaimed historical novelists div DIVPatrick O Brian was well into his seventies when the world fell in love with his greatest creation the maritime adventures of Royal Navy Captain Jack Aubrey and ship s surgeon Stephen Maturin But despite his fame little detail was available about the life of the reclusive author whose mysterious past King uncovers in this groundbreaking biography divDIV divDIVKing traces O Brian s personal history beginning as a London born Protestant named Richard Patrick Russ to his tortured relationship with his first wife and child to his emergence from World War II with the entirely new identity under which he would publish twenty volumes in the Aubrey Maturin series What King unearths is a life no less thrilling than the seafaring world of O Brian s imagination div *The Cimbrians* Johannes Vilhelm Jensen,1923 *Psychological Realism in 19th Century Fiction* Debashish Sen,2019-12-10 This book is a study of psychological realism in select works from nineteenth century fiction namely Fathers and Sons Anna Karenina The Mill on the Floss and Jane Eyre It shows how psychoanalytic theories may be applied to illuminate various aspects of the psyches of characters in these texts The book provides evidence that theories like John Bowlby s Attachment Theory and Karen Horney s Personality Theory can

go a long way in enhancing our understanding of literary characters the meaning of the text its relation to its creator and the author s psychology As such it brings forth a novel view of literary criticism and will serve to convince the reader that a critical approach devoid and dismissive of the psychological aspect is incomplete and hurts literary criticism on the whole
