Spirituality in Young Adult Literature Patty Campbell,2015-06-24 In a time when almost any gritty topic can be featured in a young adult novel there is one subject that is avoided by writers and publishers Faith and belief in God seldom appear in traditional form in novels for teens The lack of such ideas in mainstream adolescent literature can be interpreted by teens to mean that these matters are not important Yet a significant part of growing up is struggling with issues of spirituality The underlying problem of course is that there are so few writers who are willing to talk to teenagers about God even indirectly or who themselves have the religious literacy for the task Spirituality in Young Adult Literature The Last Taboo tackles a subject rarely portrayed in fiction aimed at teens In this volume Patty Campbell examines not only realistic fiction but young adult

literature that deals with mysticism apocalyptic end times and even YA novels that depict the Divine Encounter Campbell maintains that fantasy works are inherently spiritual because the plots nearly always progress toward a showdown between good and evil As such the author surmises that the popularity of fantasy among teens may represent their interest in the mystical dimensions of faith and the otherworldly In this study Campbell examines works of fiction that express perspectives from Christianity Judaism Islam Buddhism Hinduism and Sikhism Distinguished YA novelist Chris Crowe provides a chapter on Mormon values and Mormon YA authors and how their novels integrate those values into their books By looking at how spirituality is represented in novels aimed at teens this book asks what progress if any has been made in slaying the taboo Although most of the books discussed in this study are recent an appendix lists YA books from 1967 to the present that have dealt with issues of faith A timely look at an important subject Spirituality in Young Adult Literature will be of interest to young adult librarians junior and senior high school teachers and students and instructors of college courses in adolescent literature as well as to parents of teens

Mixed Heritage in Young Adult Literature Nancy Thalia Reynolds, 2009-03-19 Mixed heritage people are one of the fastest growing groups in the United States yet culturally they have been largely invisible especially in young adult literature Mixed Heritage in Young Adult Literature is a critical exploration of how mixed heritage characters those of mixed race ethnicity religion and or adoption and real life people have been portrayed in young adult fiction and nonfiction This is the first in depth broad scope critical exploration of this subgenre of multicultural literature Following an introduction to the topic author Nancy Thalia Reynolds examines the portrayal of mixed heritage characters in literary classics by James Fenimore Cooper Mark Twain and Zora Neale Hurston staples of today s high school English curriculum along with other important authors It opens up the discussion of young adult racial and ethnic identity in literature to recognize and focus on those whose heritage straddles boundaries In this book teachers will find new tools to approach race ethnicity and family heritage in literature and in the classroom This book also helps librarians find new criteria with which to evaluate young adult fiction and nonfiction with mixed heritage characters
