Grant's *Dissector* Seventeenth Edition provides step by step human cadaver dissection procedures for students to perform in the anatomy lab and to recognize important relationships revealed through dissection More informative and approachable than ever this updated seventeenth edition broadens students understanding of key dissection procedures and readies them for success in healthcare practice Each chapter is consistently organized beginning with a Dissection Overview that provides a blueprint of what needs to be accomplished during the dissection session and includes relevant surface anatomy Dissection

Instructions offer a logical sequence and numbered steps for the dissection. The Dissection Follow up emphasizes important features of the dissection and encourages students to reflect on and synthesize the information. New and revised illustrations including new surface landmark illustrations strengthen students' grasp of common dissection procedures. New chapter introductions focus students' attention on relevant Clinical Correlations. Reorganized Skeletal and Surface Anatomy sections guide students logically from palpating bony structures to making skin incisions. Enhanced and streamlined cross references reinforce understanding with direct links to related content in Grant's Atlas of Anatomy as well as Grant's Dissection Videos. Dissection Overviews guide students through relevant surface anatomy and osteology. Numbered step by step Dissection Instructions clarify procedures and enhance the dissection experience. Full color illustrations improve students' accuracy and precision from initial incisions through deeper dissections. Clinical Correlation boxes place procedures in a clinical context to ready students for healthcare practice. Lippincott Connect features Full access to the digital version of the book with the ability to highlight and take notes on key passages for a more personal efficient study experience. Carefully curated resources including interactive diagrams, video tutorials, flashcards, organ sounds and self assessment all designed to facilitate further comprehension. Lippincott Connect also allows users to create Study Collections to further personalize the study experience. With Study Collections you can Pool content from books across your entire library into self created Study Collections based on discipline, procedure, organ, concept or other topics. Display related text passages, video clips and self assessment questions from each book if available for efficient absorption of material. Annotate and highlight key content for easy access later. Navigate seamlessly between book chapters, sections, self assessments, notes and highlights in a single view page.

**Dissector for Netter's Atlas of Human Anatomy: Discussions** Sharon Oberg, 1994      **Anatomy** S. Jacob, 1996 The Human Dissector is a guidebook for today's student studying human anatomy. The Human Dissector presents the student with over 70 topics each corresponding to one dissection session, giving immediate access to the essentials and helping the student to avoid any extraneous detail. Clinical points are emphasized alongside the details of dissection, stressing the practical application of anatomy to medicine. Extensively illustrated and carefully designed, the regional approach of The Human Dissector complements the systematic approach of Roger's Textbook of Anatomy, providing a complete guide to human anatomy. Alone, The Human Dissector is a user friendly manual of dissection which helps to reinforce the student's understanding of anatomy.

**Grant's Dissector** John Charles Boileau Grant, Eberhardt K. Sauerland, 1984 Grant's Dissector walks students step by step through dissection procedures in the anatomy lab. Each chapter is consistently organized beginning with a brief study of surface anatomy followed by concise coverage of osteology, presenting important foundational structures that will aid in localization of soft tissue structures. Each dissection unit begins with a Dissection Overview providing a guide of what is to be accomplished during the dissection session. This is followed by Dissection Instructions with a logical sequence and numbered steps for the dissection. Each dissection concludes with a Dissection Review that presents a

numbered lists of tasks illustrating the important features of the dissection and encouraging the synthesis of information
