**The Villain** James Perrin, Jim Perrin, 2005 Whillans has an iconic significance for generations of climbers His epochmaking first ascent of Annapurna's South Face set a standard to which modern Himalayan climbers aspire Whillans reputation for toughness led to complete strangers punching him in bars just to see how he'd take it At age 20 Whillans was 5ft 4in tall a blue collar guy with the build of a miniature Atlas Within a year of entering the climbing world in 1950 he had acquired parallel reputations of great skill and daring on the one hand and as a hell raiser with a savage wit on the other the Villain of the title who was denied a Knighthood because of a violent brawl with several policemen His world was miles away from the upper crust environment of the well heeled climbers who had for so long dominated the sport and this itself led to tensions throughout his life Whillans exuded an aura of invincibility forceful direct and uncompromising And in the climbing world his image was that of a superstar with the flawed heroism of a Muhammad Ali In his own circle his image was the working class hero on the rock face laconic and bellicose ready to go to war with the elements or with any human who crossed his path on a bad day Unlike many other climbers of his day Whillans was a regular guy He wasn't physically impressive and in his later years he let himself go seriously to seed Elizabeth Hawley didn't believe so fat a man could really be a climber He was a very competitive climber and yet he was also willing to risk his life helping others While he was in many ways the archetypal British climber he also did important climbs in Europe the Himalaya South America and Yosemite
