# Climbing In The British Isles

**Walter Parry Haskett Smith**

## **Climbing In The British Isles:**

**Climbing in The British Isles (Complete)** Henry Chichester Hart, For some years past there has been a remarkably rapid increase in the number of men who climb for climbing's sake within the bounds of the British Isles. When any young and active Englishman sees a rock and is told that the ascent of it is regarded as a kind of feat there is no doubt what he will want to do. He will obey what has been the instinct of the race at any time this forty years. But lately there has been a change. What was formerly done casually and instinctively has for the last dozen years or so been done systematically and of set purpose for it is now recognised that hill climbing in these islands may form part of a real mountaineering education. Many might be mountaineers have missed their vocation because they were in the position of the prudent individual who would not go into the water until after he should have learned to swim they did not become Alpine because they were afraid that they should make fools of themselves if they went on the Alps. Yet had they only known it they might have found without crossing the sea many a place which might have been to their undeveloped instincts what the little pond at the end of the garden has been to many a would be skater a quiet spot where early flounderings would be safe from the contemptuous glances of unsympathetic experts. Ice-manship can only be acquired through a long apprenticeship by tramping many a weary mile helplessly tied to the tail of a guide. But one principal charm of hill climbing lies in the fact that it may be picked up by self directed practice and does not demand the same preliminary subjection. The course of Alpine instruction can only be considered complete when Mr Girdlestone's ideal of The High Alps without Guides is realised an ideal be it clearly understood which for fully ninety nine out of every hundred climbers it would be downright madness to attempt to carry into practice whereas while rock climbing may be enjoyed by amateurs without incurring the reproach of recklessness they at the same time experience the exquisite pleasure of forming their own plans of attack of varying the execution of them according to their own judgment and finally of meeting obstacles as they arise with their own skill and with their own strength and overcoming them without the assistance of a hired professional. Nowhere can the mere manual dexterity of climbing be better acquired than among the fells of Cumberland excellent practising ground presents itself on nearly every hill. Compared with real mountains the crags of Cumberland are but toys but small as they are they have made many and many a fine climber and the man who has gone through a course of training among them who has learnt to know the exact length of his own stride and reach and to wriggle up a chimney in approved style with shoulder hip and knee may boldly fly at higher game and when he proceeds to tackle the giants of the Alps or Caucasus has no cause to be afraid of the result. As if with the express object of increasing their educational value to the mountaineer the hilly parts of Great Britain are peculiarly subject to atmospheric changes. No one who has not experienced their effects would believe the extent to which mist snow and even rain can change the appearance of landmarks among the mountains and where landmarks are less abundant or less striking even the buffeting of violent wind may cause an inexperienced man to change his direction unconsciously. Valuable experience in

things of this kind may be gained even in summer but in winter the conditions become more Alpine and splendid practice may be had in the use of the axe and rope [Climbing In The British Isles](#) Walter Parry Haskett Smith,2023-07-18 First published in 1894 this classic guide to rock climbing in England is still essential reading for climbers of all levels W P Haskett Smith s detailed descriptions of the best climbing routes in the country are accompanied by clear and helpful illustrations as well as practical advice on equipment and technique Whether you re a novice or an experienced climber this book is an indispensable resource This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Climbing the British Isles** Walter Parry Haskett Smith,1894 [Climbing in the British Isles](#) Walter Parry Haskett Smith,H. C. Hart,1986 [Climbing in the British Isles; Volume 1](#) W. P. Haskett Smith,2023-07-18 This book is a classic guide to rock climbing in the British Isles W P Haskett Smith describes the best climbing routes in Scotland Wales and England and offers tips and advice on technique and equipment The book is a must read for any serious climber planning to tackle the peaks of the British Isles This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Climbing in the British Isles* Walter Parry Haskett Smith,1894 T he greater part of the book is devoted to the English Lakes and especially to the south west portion of them where the best climbs of all are to be found Introduction **Climbing in the British Isles - Ireland** Henry Chichester Hart,1974 [Climbing in the British Isles](#) Walter Parry Haskett Smith,1895 [Climbing in the British Isles](#) Walter Parry Haskett Smith,1895 [Climbing in the British Isles V1: England \(1894\)](#) Walter Parry Haskett Smith,2009-06 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work [Climbing in the British Isles \(Classic Reprint\)](#) W. P. Haskett Smith,2015-07-13 Excerpt from *Climbing in the British Isles* For some years past there has been a remarkably rapid increase in the number of men who climb for climbing s sake within the bounds of the

British Isles When any young man and active Englishman sees a rock and is told that the ascent of it is regarded as a kind of feat there is no doubt what he will want to do He will obey what has been the instinct of the race at anytime this forty years But lately there has been a change What was formerly done casually and instinctively has for the last dozen years or so been done systematically and of set purpose for it is now recognised that hill climbing in these islands may form part of a real mountaineering education Many might be mountaineers have missed their vocation because they were in the position of the prudent individual who would not go in the water until after he should have learned to swim they did not become Alpine because they were afraid that they should make fools of themselves if they went on the Alps About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**CLIMBING THE BRITISH ISLES**, WALTER PARRY HASKETT. SMITH,2018 *Climbing in the British isles, by W.P.H. Smith (and H. C. Hart)*. Walter Percy Haskett- Smith,1895 **Climbing in the British Isles** Walter Parry Haskett Smith,1895 **Hill Climbing in the British Isles** Charles Pilkington,2010-08 Many of the earliest books particularly those dating back to the 1900 s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork **Climbing in the British Isles. Vol. 1 ? England** W. P. Haskett Smith,2015-07-30 nowhere are the grotesque forms which that material delights to assume more remarkable Some resemble the sandstone forms common about Tunbridge Wells and many might very well stand for Dartmoor Tors but others at first sight seem so evidently and unmistakably to suggest human handiwork that one can feel no surprise at the common notion that they were fashioned by the ingenuity of the Druids Several of them though very small can only be climbed with considerable difficulty Broad Stand a term commonly but in my opinion incorrectly used to denote a particular route by [Climbing the British Isles, Vol. 2](#) Walter Parry Haskett Smith,2017-11-18 Excerpt from Climbing the British Isles Vol 2 Wales and Ireland The present volume is intended to deal with all parts of the British Isles except England which was the subject of Vol I and Scotland to which Vol III Will be devoted Nothing is here said about the Isle of Man or the Channel Islands because it would no doubt be considered absurd to advise anyone to visit those islands whose main object was the acquisition of mountaineering skill Pretty as the former island is its hills are nothing more than hills except Where they are also railways or tea gardens and even on its cliffs which are especially fine at the southern end comparatively little climbing will be found In the Channel Islands on the other hand the granite cliffs though very low being usually only 100 200 ft High abound in instructive scrambles Many such will be found in Guernsey Jersey and especially in Sark but the granite is

not everywhere of equally good quality About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Climbing in the British Isles, Vol. II Wales and Ireland** Hart H C,2016-06-23 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy
