*How to Clean Absolutely Everything* Yvonne Worth,2009-01-03 How to Clean Absolutely Anything reveals the secrets behind keeping your home immaculately clean Packed with advice on how to treat kitchen appliances windows and carpets as well as clothes bedding and furniture it also includes hints on how to fight the hygiene war in specific situations small children for instance or a partner who is confused by the vacuum cleaner With clear illustrations and plenty of good humour this book offers good advice for achievable results and demonstrates the very best way to clean absolutely anything you can think of *Clean Your House and Everything in It* Eugenia Chapman,Jill C. Major,1997-04-01 [Speed Cleaning! Discover This Guide About How To Effectively Use Speed Cleaning Techniques For Beginner's](#) Old Natural Ways,2021-08-30 Most people think they know what speed cleaning is all about They may have a vague idea that it involves using a vacuum cleaner on their carpets or floors That is where the misconceptions begin Vacuuming is a far more complex process than most people realize A good guide to speed cleaning will address every possible issue and give you tips for making the job go faster Speed cleaning is not the same thing as carpet cleaning at least not in the common imagination It is however important to realize that difference as well Speed cleaning should not be the single homework you do only after your floors are thoroughly dusted It does enough to just make your house look cleaner but that is it Attempting to speed clean your entire house with just a vacuum and a broom will leave your floors behind in worse shape than you started out There is no way you will accomplish that without a guide to speed cleaning even if you do a spring cleaning every year or so A guide to speed cleaning especially one that deals with your carpets floors or other areas with thick furniture will save you time frustration and money A guide to speed cleaning saves you time because you will know exactly how to handle each different task The first tip for speed cleaning is being aware of what is going on in your home when you are vacuuming You might be cleaning your dining room and thinking you don t need to clean the kitchen The truth is you should still clean the dining room before you move on to the kitchen It takes twice as much time to properly wipe down a dining room table than it does to wipe down a kitchen counter The dining room has more stuff on it is harder to reach all the corners of the table to dust and clean it You will also find yourself with more dust in your vacuum than in your car If you have to clean between tasks you will want to use a guide to speed cleaning to shorten your time spent between tasks For example you can use a guide to clean out your garage between tasks You can speed up your house cleaning tasks by removing as much clutter as possible The less clutter you remove between tasks the less time it will take you to get done Removing clutter will also save time since you won t have to lug around a heavy vacuum cleaner to clear out the rooms between tasks [DIY Speed Cleaning - A Jump Start Guide To Cleaning Up Your House FAST!](#) Old Natural Ways,2018-11-19 There are times in our lives when we are completely unprepared for a potential guest Maybe the date of a visit has slipped our minds or maybe we got a phone call saying that someone will be over sooner than expected This can be a huge hassle if the house is still a mess What do you do in a situation

like that For times like these all you have to do is pull up your shirt sleeves and get ready to put in a little bit of elbow grease This book will help you to do the rest We will go over all the points you need to look over in order to really get yourself into gear and turn your house from chaos into a presentable comfortable living space you can be proud of Speed cleaning can require the help of mental blueprints but with the help of this book you ll be able to get the job done in no time Then you can sit back relax and wait until the guests arrive Or if you are just cleaning your home for yourself because let s be honest nobody likes spending hours on chores you will be able to give yourself a pat on the back and breathe easy knowing that the job is done
