Did Queen Cleopatra Build an Empire under the Sea? The Miracles of the Most Sensuous Woman of the World Adeline Klara Palmerstone,2022-10-27 Egypt the cradle of ancient civilization is shrouded in mystery Especially the pyramids and mummy making techniques of approximately 5 000 years ago Pharaohs were also one of the center of attraction Especially female pharaohs The pharaoh is the king who was in charge of ruling Egypt The rulers or kings of Egypt were called pharaohs When we talk about the kings or pharaohs of Egypt the image of a man sitting on a throne wearing a blue and gold crown immediately comes to mind Although most of Egypt's rulers were men However the term pharaoh was rarely used for female rulers Female pharaohs are quite common in Egyptian history Their contribution to the prosperity of Egypt is also great Looking at history it can be seen that seven of the 170 pharaohs in Egypt's 3 000 year history were women But the most discussed and criticized was Cleopatra This woman was famous for her beauty and intelligence Aristocrats kings and even common men all over the world were crazy about Cleopatra's beauty What was in Cleopatra that even after thousand years she is considered as the last word of beauty But equally important is that she was a crafty and intelligent politician Did she really build an enormous empire under the sea History and latest archeological evidence bear testimony to that Why generations after generations are still enamored by this extra terrestrial beauty Did she really build an empire under the sea
