*Adult Behavior Therapy Casebook* Michel Hersen, Cynthia G. Last, 2013-11-11 Several year ago we edited a casebook on behavior therapy with children The book appeared to fill a gap in the existing child literature and was quite well received A similar gap appears to exist in the behavioral literature for adult cases in that there are very few adult case books currently available The present book was developed in order to devote an entire casebook to both standard and more innovative clinical applications of behavioral treatments to adult problems The book containing 19 chapters is divided into two parts In the first part in a

chapter entitled Clinical Considerations we discuss a variety of clinical issues that are of importance to designing and executing behaviorally based interventions with adults The bulk of the book the remaining 18 chapters contains a variety of cases presented by our experts Each of the treatment cases is presented using the same format in order to increase consistency and comparability across chapters Specific sections for each chapter are as follows 1 Description of the Disorder 2 Case Identification 3 Presenting Complaints 4 History 5 Assessment 6 Selection of Treatment 7 Course of Treatment 8 Termination 9 Follow up and 10 Overall Evaluation Thanks are extended to our many expert contributors without whom this book would not be possible We also wish to acknowledge the technical support of Mrs Kim Sterner Finally we thank our editor at Plenum Eliot Werner for his support and forbearance in the face of the inevitable delays
