Teaching Skills in the Clinical Setting, 1985 **Clinical Teaching Strategies in Nursing, Third**

Edition Kathleen B. Gaberson, Marilyn H. Oermann, 2010-03-28 Named a 2013 Doody's Essential Purchase I recommend this book as an introduction to new educators involved in clinical teaching *Journal for Nurses in Staff Development* This textbook presents a comprehensive framework for planning, guiding, and evaluating learning activities for undergraduate and graduate nursing students in clinical settings. The book presents clinical teaching strategies that are effective and practical in a rapidly changing health care environment. It describes a range of teaching strategies useful for courses in which the teacher is on site with students in courses using preceptors in simulation laboratories and in distance education environments. This book represents the cutting edge of educational strategies, examining innovative uses of virtual reality, game-based learning, and nontraditional sites for clinical teaching. Also discussed are culturally inclusive strategies, methods incorporating current technologies, and strategies for teaching students with disabilities. Key Topics: Choosing clinical learning assignments, Self-directed learning activities, Case method, case study, and grand rounds, Clinical Nurse Educator Examination, Detailed Test Blueprint, core competencies, Evaluation strategies and grading for written assignments, Ethical and legal issues in clinical teaching. Recognizing that clinical settings require different approaches to teaching, the contributors present all the tools necessary to help educators meet the challenges of this complex learning environment. **Characteristics of Effective Clinical Teachers** Sadeeka S. Majeed Al-Majid, 1992 *The Journal of Nursing Education*, 1993 *Pocket Guide to Teaching for Clinical Instructors* Advanced Life Support Group (ALSG), Resuscitation Council UK (RCUK), 2024-09-25 New edition of the popular guide to the practical aspects of teaching and fundamental learning principles in clinical practice. *Pocket Guide to Teaching for Clinical Instructors* contains theoretical input on all the modalities of teaching and assessment required for life support training through the Advanced Life Support Group and Resuscitation Council UK blended learning approach. This guide does not attempt to provide a blueprint for teaching; rather, it gives advice about the basics which can be adapted to your personality and creativity. This Fourth Edition has been thoroughly revised and updated to reflect the latest in the evolution of education methods applicable to provider courses. The text is relevant to a 21st-century audience, and graphics have been introduced to make the materials more readable, applicable, and accessible. Written by a team of highly experienced educators, *Pocket Guide to Teaching for Clinical Instructors* takes an evidence-based approach to how our brains manage and process information in order for learning to occur. Provides a structured approach to teaching the different modalities used on the courses: lectures, skill stations, scenarios, workshops, debriefing as a learning conversation. Explores neurodiversity, psychological safety, cognitive load, non-technical skills, and inclusive teaching. Discusses blended learning, the wider role of the instructor, and the variety of approaches to assessment. *Pocket Guide to Teaching for Clinical Instructors* is a concise, practical guide for anyone interested in teaching healthcare professionals in any context. Advanced Life Support Group, ALSG, Manchester, UK. ALSG's medical education training programs improve outcomes for people in life-threatening situations anywhere along the health care pathway anywhere in the world.
