*Behavior Modification* William H. Redd, Albert L. Porterfield, Barbara L. Andersen, 1978      **Behavioral Approaches to Crime and Delinquency** Edward K. Morris, Curtis J. Braukmann, 2012-12-06 The systematic application of behavioral psychology to crime and delinquency was begun only 20 years ago yet it has already contributed significantly to our practical knowledge about prevention and correction and to our general understanding of a pressing social problem In this handbook we review and evaluate what has been accomplished to date as well as what is currently at the leading edge of the field We do so in order to present a clear comprehensive and systematic view of the field and to promote and encourage still more effective action and social policy reform in the future The chapters in this text have been written by professionals who were among the original innovators in applying behavioral psychology to crime and delinquency and who continue to make critical contributions to the field's progress and by a new generation of energetic young professionals who are taking the field in important and innovative directions The contributors have attempted to review and evaluate their areas with critical dispassion to provide thorough but not overly specialized discussion of their material and to draw implications for how research application and social policy might be improved in the future For our part as editors we have tried to foster integration across the chapters and to provide background and conceptual material of our own
