

BEHAVIOR MODIFICATION TECHNIQUES

DEFINITION

Behavior modification techniques are strategies and interventions used to change or replace undesirable behaviors with more desirable ones by manipulating environmental factors, rewards, or consequences. These techniques are often grounded in principles of operant conditioning.

EXAMPLES

- **Rewards:** Providing a positive stimulus or incentive, such as candy, in response to a desired behavior to increase its frequency.
- **Punishment:** Introducing an aversive consequences after an undesired behavior, e.g. no-play time at lunch, to decrease its occurrence.

Behavior Modification And Families:

Behavior Modification and Families Eric J. Mash, Leo A. Hamerlynck, Lee C. Handy, 1976 **Families** Gerald R. Patterson, 1975 Helps parents recognize the crucial role they play in shaping their children's behavior The first half of the book examines reinforcement and contracts as the basis for behavior management programs The second half focuses on applications of social learning principles In addition to addressing common problems such as whining and temper tantrums the book offers practical advice on more complex problems such as aggression and stealing Focuses on children and young adolescents

Behavioral Family Intervention Matthew R. Sanders, Mark R. Dadds, 1993 **Handbook of Behavior Modification and Behavior Therapy** Harold Leitenberg, 1976 Abstract A detailed examination of research on the clinical use of behavioral strategies for treatment of specific behavior disorders in adults and children e.g alcoholism eating disorders physiological disorders neuroses depression sexual disorders is provided for college students and professionals Specific disorders and behavior modification approaches are covered for children and youths suffering from psychosis mental retardation juvenile delinquency and school and family problems Some traditional psychiatric disorders e.g suicide manic depressive psychosis are excluded due to lack of sufficient research on behavioral treatment Operant conditioning is applied to the treatment and prevention of behavior disorders wz

Behavior Modification William H. Redd, Albert L. Porterfield, Barbara L. Andersen, 1978 *Troubled Families* Matthew J. Fleischman, Arthur M. Horne, Judy L. Arthur, 1983 Offers therapists a step by step treatment program for helping families handle problems with aggressive or out of control children Includes a discussion of necessary therapeutic skills numerous case examples and supporting research Also contains over 40 reproducible assessment forms record keeping forms and handouts

Unconditional Care John S. Sprinson, Ken Berrick, 2010-01-26 This clinician friendly guide presents a model for engaging the most challenging children and families who are served by the child welfare mental health juvenile justice and special education systems These children are among the most troubled clients that treatment providers will ever encounter They have been failed by every adult every treatment modality and every system of care that they have encountered Unconditional Care a breakthrough guide from the founder and clinical director of California's Seneca Center for Children and Families offers both a theoretical model and practical guidelines for working with this most difficult group of children The approach weaves together attachment theory and learning theory into a coherent relationship based intervention strategy built around a no fail policy a child can never be discharged from a program for exhibiting the behaviors that resulted in the placement Professionals working with these families instead focus on re building relationships that teach children to secure safe and supportive relationships with caregivers using new behaviors and skills to replace the destructive ones that have until now organized their worldview The concept of unconditional care allows for the first time a safe space for youth to reconstruct their perceptions of themselves and those who care for them Rich case examples quick reference bullets and boxes and sample assessment and planning
