Violet Quill's seven members has made putting such recent events into a historical context all the more important and difficult. The work of the Violet Quill expresses the joy, suffering, grief, hope, activism, and caregiving of their generation. The Violet Hour meets the urgent need for a history of the men who bore witness not only to the birth but also to the decimation of a culture. *AIDS Journal* Lime Journals, 2019-08-26. AIDS Journal Notebook Diary 6x9 Blank Lined Pages 121 Pages. Keep track of food, medication, and research. Perfect gift for friends and family living with HIV or fighting HIV stigma. **Out on the Wire** Jessica Abel, 2015-08-25. A Library Journal Best Book of 2015. Go behind the scenes of seven of today's most popular narrative radio shows and podcasts including This American Life and RadioLab in graphic narrative. Every week millions of devoted fans tune in to or download This American Life, The Moth, Radiolab, Planet Money, Snap Judgment, Serial, Invisibilia, and other narrative radio shows. Using personal stories to breathe life into complex ideas and issues, these beloved programs help us to understand ourselves and our world a little bit better. Each has a distinct style, but every one delivers stories that are brilliantly told and produced. **Out on the Wire** offers an unexpected window into this new kind of storytelling, one that literally illustrates the making of a purely auditory medium. With the help of This American Life's Ira Glass, Jessica Abel, a cartoonist and devotee of narrative radio, uncovers just how radio producers construct narrative, spilling some juicy insider details. Jad Abumrad of RadioLab talks about chasing moments of awe with scientists, while Planet Money's Robert Smith lets us in on his slightly goofy strategy for putting interviewees at ease. And Abel reveals how mad, really mad, Ira Glass becomes when he receives edits from his colleagues. Informative and engaging, **Out on the Wire** demonstrates that narrative radio and podcasts are creating some of the most exciting and innovative storytelling available today. Luminous presence Alexandra Parsons, 2021-11-02. Luminous presence Derek Jarman's life writing is the first book to analyse the prolific writing of queer icon Derek Jarman. Although he is well known for his avant-garde filmmaking, his garden, and his AIDS activism, he is also the author of over a dozen books, many of which are autobiographical. Much of Jarman's exploration of post-war queer identity and imaginative response to HIV/AIDS can be found in his books, such as the lyrical AIDS diaries *Modern Nature* and *Smiling in Slow Motion*. This book fully explores for the first time the remarkable range and depth of Jarman's writing. Spanning his career, Alexandra Parsons argues that Jarman's self-reflexive response to the HIV/AIDS crisis was critical in changing the cultural terms of queer representation from the 1980s onwards. Luminous presence is of great interest to students, scholars, and readers of queer histories in literature, art, and film. **Telling Performances** Brian Nelson, Anne Freedman, Philip Anderson, 2001. These essays engage with narratives and narrative issues in particular on the issue of performance in and of narrative, with the telling of performance and the performance of telling, and the way stories perform gender and identity. They focus on narrative as such, on narrative genres, and on particular narratives, but they all seek to inform thinking on narrative. *Office Appliances*, 1930.
