Aia Guide To The Architecture Of Atlanta

Nancy Solomon

Aia Guide To The Architecture Of Atlanta:

AIA Guide to the Architecture of Atlanta Gerald W. Sams, 1993 This lively guidebook surveys four hundred buildings within the Atlanta metropolitan area from the sleek marble and glass of the Coca Cola Tower to the lancet arches and onion domes of the Fox Theater from the quiet stateliness of Roswell's antebellum mansions to the art deco charms of the Varsity grill Published in conjunction with the Atlanta chapter of the American Institute of Architects it combines historical descriptive and critical commentary with more than 250 photographs and area maps As the book makes clear Atlanta has two faces the Traditional City striving to strike a balance between the preservation of a valuable past and the challenge of modernization and also the Invisible Metropolis a decentralized city shaped more by the isolated ventures of private business than by public intervention Accordingly the city's architecture reflects a dichotomy between the northern emulating boosterism that made Atlanta a boom town and the genteel aesthetic more characteristic of its southern locale The city's recent development continues the trend as Atlanta's workplaces become increasingly high tech its residential areas remain resolutely traditional In the book's opening section Dana White places the different stages of Atlanta's growth from its beginnings as a railroad town to its recent selection as the site of the 1996 Summer Olympics in their social cultural and economic context Isabelle Gournay then analyzes the major urban and architectural trends from a critical perspective The main body of the book consists of more than twenty architectural tours organized according to neighborhoods or districts such as Midtown Druid Hills West End Ansley Park and Buckhead The buildings described and pictured capture the full range of architectural styles found in the city Here are the prominent new buildings that have transformed Atlanta's skyline and neighborhoods Philip John and John Burgee's revivalist IBM Tower John Portman's taut Westin Peachtree Plaza and Richard Meier's gleaming white paneled High Museum of Art among others Here too are landmarks from another era such as the elegant residences designed in the early twentieth century by Neel Reid and Philip Shutze two of the first Atlanta based architects to achieve national prominence Included as well are the eclectic skyscrapers near Five Points the postmodern office clusters along Interstate 285 and the Victorian homes of Inman Park Easy to follow area maps complement the descriptive entries and photographs a bibliography glossary and indexes to buildings and architects round out the book Whether first time visitors or lifelong residents readers will find in these pages a wealth of fascinating information about Atlanta's built environment

AIA Guide to the Architecture of Atlanta Isabelle Gournay, 1993 **The New Georgia Guide** University of Georgia Press, 1996 The Georgia Humanities Council presents a guidebook with cultural historical and regional coverage of Georgia [Atlanta's Druid Hills](#) Robert Hartle Jr., 2008-06-27 The Druid Hills neighborhood is characterized by rolling hills magnificent trees and shrubs and gorgeous expansive houses Its Ponce de Leon corridor bears the imprint of the founder of American landscape architecture Frederick Law Olmsted The brainchild of Joel Hurt the neighborhood was brought to fruition by some of Atlanta's most prominent businessmen including Asa Candler founder of

Coca Cola It was these movers and shakers of the city who lived in the neighborhood during the early decades of the twentieth century In 1914 Druid Hills was permanently altered with the announcement that it would be the site of Emory University s new main campus Now the residents coexist with what has become an international university community Historian Robert Hartle Jr has written an honest impeccably researched tribute to Druid Hills truly one of the jewels in Atlanta s crown God's Capitalist Kathryn W. Kemp,2002 By following Asa Candler s life readers have a unique opportunity to visit Atlanta during one of the most critical times in its development and to see it through the eyes of one of Atlanta s movers and shakers BOOK JACKET *Paradise Planned* Robert A.M. Stern,David Fishman,Jacob Tilove,2013-12-03 Paradise Planned is the definitive history of the development of the garden suburb a phenomenon that originated in England in the late eighteenth century was quickly adopted in the United State and northern Europe and gradually proliferated throughout the world These bucolic settings offered an ideal lifestyle typically outside the city but accessible by streetcar train and automobile Today the principles of the garden city movement are once again in play as retrofitting the suburbs has become a central issue in planning Strategies are emerging that reflect the goals of garden suburbs in creating metropolitan communities that embrace both the intensity of the city and the tranquility of nature Paradise Planned is the comprehensive encyclopedic record of this movement a vital contribution to architectural and planning history and an essential recourse for guiding the repair of the American townscape *The American Institute of Architects College of Fellows* American Institute of Architects. College of Fellows,2000 Designing Dixie Reiko Hillyer,2014-12-29 Although many white southerners chose to memorialize the Lost Cause in the aftermath of the Civil War boosters entrepreneurs and architects in southern cities believed that economic development rather than nostalgia would foster reconciliation between North and South In Designing Dixie Reiko Hillyer shows how these boosters crafted distinctive local pasts designed to promote their economic futures and to attract northern tourists and investors Neither romanticizing the Old South nor appealing to Lost Cause ideology promoters of New South industrialization used urban design to construct particular relationships to each city s southern slaveholding and Confederate pasts Drawing on the approaches of cultural history landscape studies and the history of memory Hillyer shows how the southern tourist destinations of St Augustine Richmond and Atlanta deployed historical imagery to attract northern investment St Augustine s Spanish Renaissance Revival resorts muted the town s Confederate past and linked northern investment in the city to the tradition of imperial expansion Richmond boasted its colonial and Revolutionary heritage depicting its industrial development as an outgrowth of national destiny Atlanta s use of northern architectural language displaced the southern identity of the city and substituted a narrative of long standing allegiance to a modern industrial order With its emphases on alternative southern pasts architectural design tourism and political economy Designing Dixie significantly revises our understandings of both southern historical memory and post Civil War sectional reconciliation **Architecture INTL** Nancy Solomon,2008-05-27 On the occasion of its 150th anniversary the American

Institute of Architects asked more than 70 contributors to examine the complex and evolving of the America s architects in shaping our cities and communities Through essays vignettes and profiles illustrated with more than 560 photographs Architecture provides a look at the breath and depth of the architecture profession and points to the significant contributions architects have made in all aspects of society Most important the book demonstrates the value of applying architectural thinking to the many serious issues from global warming and homeland security to accessibility and diversity facing our world today **BOOK JACKET Arris** ,1995 *Handbook for the Construction Industry - Michigan Society of Architects* Michigan Society of Architects,1981 Source Book of American Architecture G.E. Kidder Smith,2000-09 This comprehensive and insightful illustrated survey of 500 of America s most distinguished buildings provides a unique overview of the thousand year architectural development of the United States It examines our nation s architecture from its earliest days to the present ranging from cliff dwellings in Mesa Verde to Frank Lloyd Wright s Robie House in Chicago to James Ingo Freed s Holocaust Museum in Washington Indispensable in any library it also serves as a general introduction to American architecture or as a splendid guide for tourists Subject Guide to Children's Books in Print 1997 Bowker Editorial Staff,R R Bowker Publishing,1996-09 The Cumulative Book Index ,1995 A world list of books in the English language **New Pencil Points** Eugene Clute,Russell Fenimore Whitehead,Kenneth Reid,Elizabeth L. Cleaver,1930 Books in Print ,1994 *The Georgia Librarian* ,1993 *Source Book of American Architecture* George Everard Kidder Smith,1996 Scorched Earth is the first book to chronicle the effects of chemical warfare on the Vietnamese people and their environment where even today more than 3 million people including 500 000 children are sick and dying from birth defects cancer and other illnesses that can be directly traced to Agent Orange dioxin exposure Weaving first person accounts with original research Vietnam War scholar Fred A Wilcox examines long term consequences for future generations laying bare the ongoing monumental tragedy in Vietnam and calls for the United States government to finally admit its role in chemical warfare in Vietnam Wilcox also warns readers that unless we stop poisoning our air food and water supplies the cancer epidemic in the United States and other countries will only worsen and he urgently demands the chemical manufacturers of Agent Orange to compensate the victims of their greed and to stop using the Earth s rivers lakes and oceans as toxic waste dumps Vietnam has chosen August 10 the day that the US began spraying Agent Orange on Vietnam as Agent Orange Day to commemorate all its citizens who were affected by the deadly chemical Scorched Earth will be released upon the third anniversary of this day in honor of all those whose families have suffered and continue to suffer from this tragedy A History and Directory of the College Thomas J. Holleman,American Institute of Architects. College of Fellows,1992 **Perspectives** ,2006

Eventually, you will utterly discover a supplementary experience and attainment by spending more cash. nevertheless when? realize you endure that you require to get those all needs subsequently having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will lead you to comprehend even more in relation to the globe, experience, some places, subsequently history, amusement, and a lot more?

It is your no question own epoch to put on an act reviewing habit. in the middle of guides you could enjoy now is **Aia Guide To The Architecture Of Atlanta** below.
