A Struggle for a Soul and

Other Stories of Life and Work in South India Edyth Hinkley, Marie Luise Christlieb, 1907 **The Wheatstack and Other Stories** Joseph Smith Fletcher, 1909 *The White Hecatomb, and Other Stories* W. C. Scully, 2019-12-20

In *The White Hecatomb and Other Stories* W C Scully deftly weaves a collection of narratives that explore the eerie intersections of folklore, human nature, and moral quandaries. The stories, rich in vivid imagery and psychological depth, often draw upon Scully's South African background where the landscapes play an almost character-like role, enhancing the themes of isolation and existential dread. Stylistically, Scully employs a blend of naturalism and gothic elements, creating an atmospheric tension that hints at the underlying supernatural forces at play in the characters' lives. As readers traverse the desolate terrains alongside Scully's protagonists, they are compelled to confront the shadows of humanity that lurk in both the environment and the psyche.

W C Scully (1861-1944) was not only a talented author but also a pioneering figure in South African literature. Raised in an environment teeming with diverse cultural narratives, Scully was influenced by his surroundings; his writing reflects a deep engagement with the complexities of life in South Africa during colonial times. His experiences as a journalist and his penchant for storytelling inform his exploration of local folklore, which resonates throughout this collection. For readers seeking a profound exploration of the human condition through the lens of cultural and supernatural tales, *The White Hecatomb* is a compelling invitation to delve into the rich tapestry of stories that Scully masterfully presents. This collection promises to challenge and engage readers, leaving them reflective of the moral choices that shape our very existence. **My Lover's Name and Other Stories** Kusuma Amsala, 2000

Selection of short stories translated from Hindi **The Warp & the Weft and Other Stories** Sujata Sankranti, 2001

Summary: The volume opens windows into the rich and diverse variety of life with a remarkable depth and sensitivity. The stories span the historical and cultural heterogeneity of the sprawling Indian subcontinent, from the southern coastal tip of Kerala to the complex quagmire of inland metros. These horizontal shifts in locale are bolstered by a matching vertical insight into the vibrant cross-sections of society. The prize-winning story subtly highlights the staple constituent of all the stories: the tensions that beset ordinary human life and the quiet, clear eye which sees, records, and gently critiques all aspects, which sublimate Sankranti's work to a celebration of the complexities of human existence. **The Quest and Other Stories** Satish Batra, 1987 *A Brown Man and Other Stories* Prasenjit Gupta, 2002

This collection of stories arises out of the writer's experience of many years as a brown man in a predominantly white world, an everyday encounter that is difficult to imagine from home, an experience that often causes fundamental tectonic shifts in character and outlook. His characters remain suspended between two continents, two cultures, two different lives. **The Dragons Den and Other Stories** J. Bregazzi, 2011-06-21

THE DRAGONS DEN and OTHER STORIES is a small collection of quite diversified tales. The verity and subject matter come from a quality of experience, some from real life with authentic backgrounds and others generated in the mind of the myth. There are several adventure stories, and yet others were pushed by an unseen influence of transformations and miracles with a moral behind them. Here is something for everybody in twelve
